### Local Group Meets With Supervisor

Easley Agrees That  
Zoning Act Needed in  
Unincorporated Areas

Talking over desert area problems with representatives from Palm Springs, Cathedral City and Desert Hot Springs, James I. Easley, newly appointed Supervisor of the fourth district, readily agreed that Riverside county's richest district is not receiving its fair share of benefits.

The meeting was held at the Desert Inn Friday noon with Earl Coffman as host.

IT WAS THE CONSENSUS of opinion of all those present that one of the county's most needed measures is a zoning and building ordinance. This and Imperial county are the only two in the state which do not have such laws, which accounts for the unsightly condition existing along the highways outside of corporate city limits, it was pointed out. The very fact that Riverside county does not have such ordinances attracts undesirable building not allowed in other southern California counties.

Easley declared that he strongly favors county building and zoning ordinances and believes that agricultural interest, which have been the prime objectors, will be convinced of the need.

RIVERSIDE COUNTY'S miserly contribution of \$1500 a year to the All-Year Club of Southern California was also under discussion. It was pointed out by Palm Springs representatives that this small community pays \$1000 a year toward the huge advertising fund, and that the county should contribute at least \$5000. The benefits to this area and the county at large more than justify the appropriation, it was held.

Supervisor Easley praised the county's highway department as the finest in the state and said that 500 miles of new roads are needed in addition to the 800 miles of highway now maintained in the county. Another county problem which needs long-range planning is the Riverside County Hospital, the supervisor declared. It is costing the county a million dollars a year.

A SUPERVISOR'S COMMITTEE will be set up in this area, Supervisor Easley explained, as is being done in other communities of the district. This committee is to agree on the needs of the particular section and keep the supervisor informed.

Mrs. Easley was cordially greeted by the men who attended the meeting and there was much evidence of appreciation for having a representative on the county board who appreciates and understands the peculiar problems of the desert area.

### Seeks Forger

Stolen Palm Springs  
Checks Being Cashed

Bank officials here were alerted by the Palm Springs police department to be on the watch for several payroll checks stolen from the offices of Dick Mabrey, contractor.

Several of the checks with the forged name of Mabrey are reported to have been cashed with merchants in Los Angeles and Huntington Park, California.

In each case police of both those communities described the check passer as twenty-two to twenty-five years of age, and approximately five foot six inches tall.

## Alworth Offers New Street Paving Plan

### Co-Operation Of Owners To be Sought

Paving Only Way To  
End Dust Nuisance  
Says City Manager

Solution of the problem of dust swirling through windows and door cracks from unpaved streets in the Village was offered property owners by City Manager William E. Alworth in an interview with a Desert Sun reporter Saturday.

Alworth's proposal was the result of a constantly growing crescendo of complaints of dust arising from unpaved streets, voiced by citizens and property owners whose homes line these thoroughfares.

ALWORTH FIRST pointed out that it would be basically unsound and economically impossible for the city to sprinkle the many miles of unpaved streets in order to abate the dust nuisance.

"The only solution is for these streets to be paved," declared the city manager, "but the city is not in any position to finance such a large undertaking."

He pointed out that the unpaved condition of the streets originally laid by the subdividers of the properties in question, areas which were accepted into the city at the time of incorporation without street improvements.

"Since incorporation," continued Alworth, "subdividers of real estate have to pave their streets."

### This Side Of The Sun

By Phat

Does he drive like an awful mess?  
He's prob'ly from Los Angeles, gees.

Of course, it all depends upon the category you're in. If you're one of those perfectionists who insists on Los Angeles, the above couplet is out. You'd have to make it: "Does he drive like a hunk of cheese?" in that case. But if you're of the common or garden variety who pronounces the name of our suburb to the west "Los Angeles" (soft G like in Graetinger (second G, that is) or even Los Angeles (hard G like in when you hit your thumb with the hammer, the thing will read o.k.

THE ABOVE little rhyme was an inspiration while perusing the morning papers. . . en route to the sports page to see how Mrs. Rabbit did in the second at Bay Meadows (quite nicely, thank you) I spotted an item which said that some fellow told a group of Los Angeles traffic experts, that Los Angeles had the worst traffic reputation in the country. . . And the opening two lines popped into my mind just like that. . . My mind is like some of the places I looked at this summer while seeking a spot to set my record-player, records, two neckties, the extra pair of pants and Mrs. G. . . It has so many wide open places that anything can get in. . . Only you could rent it cheaper.

EITHER the gentlemen who wash off the sidewalks early in the morning are going to have to get hearing aids or us pre-dawn pedestrians will have to quit wearing rubber heels. . . For those heels don't rubber and you have to stop behind them and say "Ahem" once or twice before they'll start swishing someplace else and let you by without getting your feet and/or

### La Paz Sold

J. R. Fouch Sells Ranch  
For an Undisclosed Sum

Sale of the La Paz Guest Ranch, owned by James Fouch, for an undisclosed sum to Mrs. N. Sheenman, Seattle, and Mrs. Edith Wolcott, Red Bank, New Jersey, was announced yesterday.

M. A. Charleston, present manager of the hotel, will remain in the same capacity under the new ownership. The sale was negotiated by Carl Rhodes, son of Mrs. Sheenman, who will reside at the ranch for a little while.

The new owners will take possession December 2, it was said.

### Public Warned "Car Clouters" Busy in Village

An epidemic of "car clouting," police term for pilfering of parked automobiles, has hit the Village like a plague, as shown by the numerous reports filtering into the police station.

Chief of Police August Kettmann is of the belief that the thieves are from out of town, attracted here by the hundreds of automobiles heavily laden with accessories, and driven by wealthy persons.

MOST of the automobiles attacked are usually found to have been parked on darkened streets with valuables in plain sight on the seats of the vehicles.

"It's hard to cope with the situation," declared Chief Kettmann, "because 90 per cent of the automobiles in the Village are parked on the street, a temptation to 'car clouters.'"

HE ADDED that the lack of street lights is an added inducement to these thieves in "cracking" car doors, trunks and glove compartments open.

"The pitch darkness of the streets makes it possible for these thieves to work in comparative safety. Be sure," he warned motorists, "to keep valuables out of sight, or better still, keep them in the house."

Latest reports of "car clouting" included:

George Zouganiles of Cathedral City, who reported that the glove compartment of his car was broken and valuables taken. An electric drill was taken from the automobile belonging to Albert Kahns; E. A. Gray lost the fender pants of his automobile, and H. R. Mann reported the theft of a tire and wheel from the trunk compartment.

### Trio Nabbed After Chase Near Village

Two Men and Girl  
Accused of Robbing  
And Kidnapping Man

An incipient crime wave which started with the theft of two revolvers in Ontario and ended in the robbery and kidnapping of a Beaumont filling station operator led to the arrest last week end of a 15 year old girl and two male companions 20 and 21 years of age.

Palm Springs police figured in the dragnet which spread across the desert to stop Richard Lee Hurlbut, 20, John Mark Ellis, 21, and Marilyn Louise Pyles, 15, all of Ontario, when Beaumont police flashed the news that Cecil Heggler, 45, gasoline station operator had been robbed and kidnapped by two men and a girl headed this way. This report came over the teletype at 10:30 p.m. Thursday.

AT MIDNIGHT deputy sheriffs Joe Carrillo and Pat Young, working out of the Indio sheriff's sub-station cancelled the police alarm with the report that Hurlbut, Ellis and the girl Pyles had been arrested in a cafe a few miles south of Indio.

On the two men were found two guns stolen, it was later asserted, from a parked automobile in Ontario. The girl was unarmed.

The sheriff's sub-station at Banning reported that the car in which the trio had been traveling was also stolen.

AT BEAUMONT the trio stopped at the station operated by Heggler, held him up and then forced him into their automobile. At the junction of highway 99 and 111, the hold-up victim was shoved out of the car and the bandits proceeded in the direction of Indio.

Louise Pyle will be certified to the juvenile authorities for action and both Hurlbut and Ellis will await trial as adults, authorities announced.

### Loses Pants

James Stinson, a guest at the Bella Vista hotel, told police Saturday morning that thieves had stripped his automobile of its fender pants while the car was parked in the downtown area. The theft occurred sometime Friday night.

CHILDHOOD IMPATIENCE—Thanksgiving Day only two days away tiny Village visitor gazes in wide eyed amazement at all the goodies that will decorate her mother's table at home on Thursday. (Photo by Johnnie Pagoria.)

### Desert Area's Growth Put on Orderly Basis

The Coachella Valley, including all the area from Palm Springs to Mecca, will become one of the first completely planned regions in California under a far-reaching project launched at a meeting in Coachella Friday night of the Coachella Valley Advisory Planning committee.

Covering every phase of development in the vast area now undergoing its unprecedented growth, an expert survey and planning report of the Valley is being started under direction of Charles W. Elliot, consultant to the Riverside County Planning commission. A special appropriation covering the cost of the study recently was made by the county body and approved by the board of supervisors.

THE INITIAL MEETING between Elliot and the advisory Planning committee was held at the offices of the Coachella Valley County Water District Friday night with M. C. MacDonald as chairman.

Representing the Palm Springs-Cathedral City section were Claude Cobb and L. C. Lewis from Cathedral City, and Harry Harper, Palm Springs. Other

### Village to Give Thanks

Special Church Services and Turkey Day  
Dinners To Mark Holiday in Palm Springs

Villagers will gather around the festive board whose center piece will be decorated with the golden brown roasted turkey, and all the trimmings after attending specially arranged morning services at the churches in the town on Thanksgiving day.

All mercantile establishments in the Village will be closed, it was learned with the exception of restaurants, cocktail lounges and drug stores.

Members of the Palm Springs Community Church will attend Thanksgiving day services at 10:30 a.m. "A Nation's Gratitude" will be the topic of Rev. James H. Blackstone's sermon. Special music will also be heard.

Father Michael O'Connor, pastor of Our Lady of Solitude church, announced that two special masses will be held on Thursday. The first one will take place at 7:30 a.m. and the second one at 9 a.m.

The Rev. Robert M. Hogarth, pastor of St. Paul's in the Desert, Episcopal church, said that two services will take place at his church on Thanksgiving morning. At 8 a.m. Holy Communion will be held and at 10 a.m. a special service of Thanksgiving, with music by the combined choirs. Rev. Hogarth's sermon will have as its theme "Thanksgiving for a New Day."

### Welfare Ass'n Dance Dec. 11 To Aid Center

Remember the gay time you had at the dance last year sponsored by the Welfare and Friendly Aid association as a benefit for the Youth Center?

Well, there's another coming up on Dec. 11.

The Racquet club is the place and there will be an excellent dinner and music for dancing. Mr. and Mrs. Farrell have donated the services of the waitresses, bar boys, cooks and all for the event.

Money raised at the dinner dance will go toward retiring the indebtedness of the Youth Center, now known as the Teen-Target.

Dinner tickets will be \$25 per couple and reservations may be made by calling Barbara Hinkle at 7543 or Mary Jane Hicks at 3432.

The dinner will be at 7 o'clock with the ladies in dinner dresses

## Lesser Brings Movie Studio With Him

Noted Producer Also  
Has Plans to Make  
This a Cultural Center

Orders of a doctor that his patient seek rest and health in Palm Springs, oddly enough, may result in the addition of a valuable member to the ranks of those who are community minded and think and act for the civic betterment of the Village.

The physician who sent famed Sol Lesser, tycoon of the amusement world and film producer, into convalescence to Palm Springs, must have known at the time, that the mind and will that drove his patient to the heights of the success he has attained in the motion picture world, would not rest.

BECAUSE of this Lesser characteristic, his home here on Camino del Sur will, until next May, be the nerve center of Sol Lesser Productions known the world over as producers of top ranking motion pictures and the creator of the Tarzan series.

Literally, the palatial home here, where a sound-motion picture machine is installed, the editing and cutting of five-reelers, will take place before they are shown in the motion picture theaters of the world.

LESSER'S HOME here has already become the conference "room" transplanted from Hollywood. In this home for example, the next picture now in script-writing stage, will be edited, re-

See MOVIE STUDIO, Page 8

NO REST—Sol Lesser, motion picture famed producer here to convalesce from recent illness, has figuratively moved the nerve center of Sol Lesser Productions to his home on Camino del Sur. Just finished editing and "cutting" a Tarzan picture are, from left to right: Merrill White, editor; Bud Sheets, assistant editor; Lesser, Lois Greenspon, secretary and Bob Larson, assistant to Lesser. (Desert Sun photo.)

### The PUBLISHER'S Corner by OLIVER B. JAYNES

CRITICISM OF NEWSPAPERS is indulged in by about nine out of ten public speakers. While the attacks are usually aimed at the metropolitan dailies and country editors are given more credit for integrity, we don't believe our big brothers in the city are as bad as pictured. There is room for improvement in the press, of course, and some complaints are really justified.

Most common criticism comes from speakers who are experts on one subject. They accuse the newspapers of failing to give the public a clear picture of the expert's subject or problem. These people fail to realize that newspapers are giving a running account of the developments on each different subject. It is related bit by bit. So, unless a reader follows a subject as long as it is news, he cannot be expected to get the whole picture clearly.

How much does the average newspaper reader know about the "Marshall Plan" for example? It all depends on how carefully and consistently he follows the subject. He CAN know all about it if he seeks to. Magazines can sum up subjects in more well-rounded form but have their limitations as well.

Newspapers are attacked more frequently on their selection and presentation of news than on editorial policy. It is true that newspapers these days are "editorializing" their news stories—or coloring the news as it is known. Complaints from this standpoint are justified. The "perfect" newspaper confines all of its own opinions to the editorial column. Yet it cannot be denied that a certain "slanting" of the news makes the story more interesting. It all goes back to the general rule that newspapers give their readers pretty much what they want.

IT IS INTERESTING to note that the general report of the Luce-Hutchins commission on the Freedom of the Press was not very complimentary about newspapers. More favorable was the by-product report of one member, Prof. Zachariah Chaffie, Jr. The professor at least believed that "editors and broadcasters are more aware of what society needs from them than are the big motion picture producers who live without advertising."

On one point there is general agreement: Freedoms guaranteed us under the Bill of Rights must be preserved. There is little doubt that Communism thrives on the abuse of these rights—on the protections guaranteed by the Constitution. The abuse of freedom of the press or of speech must not tempt us to relinquish these rights as a remedy. It would be far worse than the disease.

Florida Area  
Florida is equal in area to Maine, Vermont, Connecticut and Rhode Island combined.

### Uncle Sam Says

This is a good story and it's about you, pop. The chapter I am reading is entitled "Security." It tells about your Payroll Savings, the easy, automatic way you are building up a comfortable nestegg for the future of yourself and your family. Best part of all, pop, is the fact that millions of my nieces and nephews have the same important place in this story of a happy future as yourself. They, too, are buying United States Savings Bonds regularly.

## Rotary Committee Heads Appointed By Pres. Alworth

Members of the Palm Springs Rotary Club in regular meeting Wednesday noon at the Desert Inn, heard their president, William E. Alworth, make several committee-head appointments.

Among them were included: Arthur Bailey as committee head on club service; Lyle Newcomer, vocational service, and Harry Harper, in charge of community service committee. Carl Lykken was appointed to head the committee on international service.

John Fox, district governor of Rotary, is scheduled to hold a club assembly meeting Tuesday, 7 p. m., at the Desert Inn and will address the members the following day at the luncheon meeting in the same hotel.

### Ptarmigan Changes Colors

The ptarmigan is a bird of camouflage. During the summer, it is brownish-gray. In early winter its feathers are dappled with brown and white, and in the winter all the brown feathers are replaced by white. In the wintertime, it also sports "snow shoes," stiff white feathers edging its toes. These are molted with the approach of summer.

## Fish and Game Group To Meet

Members of the Palm Springs Fish and Game Conservation association are scheduled to hold their monthly business meeting in the fire hall Monday evening, December 1.

Plans for the coming dance at the Desert Mill, sponsored by the association will come up for discussion. Harold Lienau, president, will preside.

### Steady Windshield Wiper

An answer to the motorist's problem of slowing windshield wipers when the car is ascending a hill or accelerating has been provided in the form of a vacuum leveling tank recently placed on the market as an accessory. The tank helps keep windshield wipers operating normally under all driving conditions by maintaining constant vacuum to the wiper motor.

### Moles Profitable

Moles are the most important wild fur-bearing animals of the British Isles. The little burrowing animals are raised on "mole farms" in Britain, and mole raising is a highly lucrative occupation.

### Spices Once Luxuries

Spices and herbs were once luxuries and regarded as suitable gifts for kings.

## Indians To Meet Blythe at Blythe On Thanksgiving

Palm Springs high school griders will wind up the 1927 football season Thanksgiving Day by journeying across the county to Blythe to meet Blythe high in the latter's stadium.

The game is scheduled for 2:30 o'clock. It is the first on a home-and-home series, Blythe being on the Indians' schedule for a game on the local field on Thanksgiving Day, 1948.

### Farm Work

With less harvest work and more people employed, the nation's farm operators and hired hands worked fewer hours per day than a year ago. But there was still plenty of work, with farm operators averaging 10.5 hours per day and hired workers 9.1 hours.

# Sports

## Indians Vanquished By Perris, 25-13 After Hard Game

Palm Springs high school went down with flying colors at Perris Friday afternoon when they lost a thrilling 25 to 13 game to the championship Perris high eleven, displaying more fight and pep than they have so far this season.

The victory gave Perris the Riverside county league title without a blemish on its record. It was a rough and tumble game and in the fourth quarter was interrupted by a fight which brought spectators and griders out onto the field to mill around until order could be restored.

**PERRIS SCORED TWICE** before the Indians got going. In the first period a 20-yard pass set up a touchdown when Brand went over from the two after the Indians had held for three downs.

The second one came in the second period when the victors wound up a long sustained drive to send Pourroy over, netting conversion was good.

Later in the same period the Indians counted from their own 40. On an ends-around play, Lopez skirted right end, raced past the Perris secondary and went all the way into the end zone, the attempted conversion kick was blocked.

**THE THIRD QUARTER** found Perris hammering again. A long pass put the ball on the Indians six and three plays later it was over. A pass conversion was good to make it 19-6.

Later the Indians fumbled on their own 31 and Perris took over. But they had a tough going the 31 yards and finally made a first down a half yard out. From there they went over.

The Indians final score came in the fourth period when Eddie Weiss intercepted a Perris pass on his own 40. He scooted for the side-lines and raced all of the way to the t.d. A pass counted the extra point.

The game ended with Palm Springs halting a final Perris drive.

Coachella defeated Banning 26 to 0 and Elsinore trimmed Sherman 18-0 in other county league games Friday.

By quarters at Perris:  
Palm Springs.....0 6 0 7-13  
Perris.....6 6 7 6-25

## Pheasant, Quail Season Now Open In Desert Sector

Pheasant and quail season opened in California last Friday and the sunrise hours since have found hunters out after their prey.

Pheasant season opened at 8 a.m. and hunting is allowed every day since at sunrise. The limit is two male birds in a day and two in possession at any time.

**QUAIL SEASON** opened at sunrise Friday with shooting allowed at sunrise any day. The limit is eight birds per day and 18 per week with not more than eight in possession at any time.

A hunting license is necessary for all nirrods and all scatterguns must be plugged as three shells in any automatic or pump gun is the state rate.

Locally the hunting is expected to be poor—too much foot, horse and auto traffic—and the game has taken to the hills. There is reported to be plenty of quail in the desert to the east.

**HUNTING IS EXPECTED** to be good in the hills back of Banning in the Imperial valley and back of Elsinore and across in the Mojave desert.

The fields are expected to be crowded as an estimated 40,000 hunters in southern California alone are reported to have licenses to go out and hunt.

Chance of U. N. Action Against Spain Seen Possible in "Little Assembly"

By DONALD BELL  
(Copyright, 1947, Overseas News Agency, Inc.)

NEW YORK (ONA)—The legal structure of Spain has changed since last December when the U. N. General Assembly adopted a resolution denouncing the Franco regime as anti-democratic and recommending that all United Nations members withdraw their heads of missions from Madrid. Francisco Franco's dictatorship was then still camouflaged by the formal right of the 438 Cortes (Parliament) members to appoint another head of state or to re-introduce the monarchical system abandoned in 1931. Some of the 34 nations which voted for the anti-Franco resolution in December acted under the illusion that Spanish generals and Monarchist elements in the Cortes might depose the "Caudillo" or at least reduce him to the position of a Prime Minister under a new king.

But just the opposite happened. Early in June, the Cortes approved by acclamation a "law of succession," making Spain "traditionally a kingdom" and naming Franco Chief of State for life. The new law, accepted without discussion in a procedure that took only a few minutes, was then confirmed by a "referendum" in which the opposition had no chance to campaign, with the polls guarded by the Falangists.

THIS WAS FRANCO'S well-prepared answer to the U. N. There is no longer any chance to outmaneuver Franco by appointing or electing a king who could play a role similar to that of Italy's Victor Emmanuel in 1943—dismissing Franco, as the Italian king dismissed Mussolini, and returning the state to a constitutional monarchy on the British pattern. Even before the new law was adopted, the President of the Cortes, Esteban de Bilbao Eguia, made it clear that the Bourbon dynasty was unacceptable to the Franco regime and that the pretender to the throne, Don Juan, could bury all his hopes.

Franco was undoubtedly encouraged to challenge the U. N. with his new law because of the improvement of our relations with Gen. Juan Peron of Argentina. Peron has refused to comply with the U. N. resolution recommending the withdrawal of Ambassadors and envoys from Madrid. On the contrary, he has appointed a new Ambassador, and he sent his wife to visit Franco, stressing the friendly relations between the two countries. The "Caudillo" speculated that the worsening American-Russian relations would prevent any further action against his regime which in due time might be regarded by the Western powers as a convenient counter-balance to Communist influence in Western Europe.

THE QUESTION now before the General Assembly is whether a new attempt shall be made to oust the Franco regime and prepare the way for Spain's return into the comity of nations, or whether the general situation is already so hopeless that nothing matters except the lining-up of all forces for or against the Eastern and Western blocs. Much is at stake. On the other hand, Spain occupies an important strategic place at the entrance to the Mediterranean. In case of armed conflict with the Soviet Union, Spain could provide a foothold for Anglo-American forces on the European continent even if France were overrun by Russian armies. Moreover, there is uranium ore in Spanish soil. On the other hand, however, all the military advantages which Spain could offer might well be guaranteed even by a moderate Republican regime for there is only

a remote chance that this strongly Catholic country would turn Communist in the event of an overthrow of the present Fascist regime. Moreover, the reputation of the world organization is at stake.

The United Nations had condemned the Franco regime in the spring of 1945 when the U. N. Charter was drafted at San Francisco and Franco Spain was excluded from membership. A few months later, the United States, Britain and Russia restated in the Potsdam declaration that "the present Spanish Government which, having been founded with the support of the Axis powers, does not, in view of its origins, its nature, its record and its close association with the aggressor states," qualify for U. N. membership. Since then, various attempts have been made in the Security Council and in the General Assembly to take collective action against Franco Spain.

A STRANGE SITUATION has now arisen in the United Nations. Poland, backed by all the countries of the Slav bloc, demands that the Security Council take up the Spanish question within a month, and a Yugoslav amendment proposes "particular measures of an economic nature" against the Franco regime. There is, however, little chance that the Security Council will adopt such drastic measures as economic sanctions since Britain and the United States are opposed to any further antagonizing of Spain.

If, on the other hand, Poland would offer to submit the Spanish problem to the newly created "Little Assembly," action against Franco would be much more likely. This is not only indicated by last year's anti-Franco vote of 34 to 6; the first test vote just taken in the powerful Political and Security Committee of the U. N. showed that 23 nations have some sympathy for the Polish suggestion, 17 are against it, and 10 abstained. That was a remarkable result in view of the stubborn opposition of the United States and Britain. Furthermore, the Security Council can act only if Spain is considered a menace to the peace—which is, at least doubtful at this moment—whereas the "Little Assembly" could make recommendations on other grounds. But since Poland and the rest of the Slav bloc are boycotting the "Little Assembly," the bitterest opponents of Franco must go before the Security Council where they cannot win.

Believed in Variety  
Solomon's household was insignificant compared to the record chalked up by two African kings. Mtesa of Uganda and the king of Loango, who are said to have had 7,000 wives.

## From Head to Toe

By BARBARA K. SCHILLY

"I don't like them, I wish I had a mind of my own and wouldn't wear them, and yet I feel so last yearish when I don't wear them." The foregoing seems to be the general attitude many women feel toward long skirts. No solution offered . . . just a general feeling of bewilderment and of not knowing what to do. And in a like manner, I feel the same way. The other day I went into the city. I wore one of my new long dresses (which was purchased with the attitude of . . . if I don't like it I can always shorten it.) In downtown Los Angeles I felt quite conspicuous. Women pointed at me, men seemed to be nudging each other and joking about it and I felt I was quite the subject on display. "That settles it," thought I, "I just don't like these long skirts and I'm going to go home and shorten all my new purchases."

BEFORE THE DAY was over,

however, I had to go out to the more exclusive Wilshire-Beverly Hills district. No one paid any attention to me . . . everyone had on longer skirts and it even seemed that each woman was trying to outdo the other one in wearing her hem a wee bit longer. I guess I should have died, or at the very least been mortified to the point of it, had I not had on my mid calf length skirt. And it goes on and on. If you are still wondering what to do and have it in mind to lengthen a few dresses, here are some more ideas that I have heard or read about.

For the print dress . . . if it would adapt itself. Slit the skirt

up the front. Wear under the old dress a pencil slim skirt of the basic color of the print. This gives a tunic effect, which if done with some dresses could be most effective. Or . . . cut the skirts on the old dress very short to give a peplum effect and add a skirt. Flounces are a good idea if the effect does not look too patched or home made. One magazine showed a velvet flounce bordering a tapered skirt. The jacket was trimmed with a velvet capelet and as pictured in the magazine, the suit looked smarter than it probably did before. Of course . . . that was as pictured in the magazine.

A BINDING OF PLAID with

The Desert Sun—3  
PALM SPRINGS, CALIF.  
Tuesday, November 25, 1947

matching collars and cuffs or the same thing done with knit was another idea that pictorially looked well.

One suit showed the jacket cut to a bolero. The extra material was used to make a yoke for the skirt.

Of course all of these ideas sound practical and wise in print or in drawings. The problem is . . . will they look as well in actuality . . . better be sure before pulling out the scissors and going to work.

Where to go for—

# Thanksgiving 1947

It was quite simple and natural for those who lived where Thanksgiving first arose. They saw the harvest garnered in against the winter; amid stubble fields all brown and bare to feel the security of overflowing barns—that has raised the thankful song in our country since its first Thanksgiving Day.

In the harvest festival of Thanksgiving let us recapture something of its native spirit, and with it a sense of the reality and color and simple joys which belong to life.

Ascending this royal thought of Thanksgiving we come face to face with the Source of every good—and that is Thanksgivings' profoundest reward.

CALIFORNIA **ELECTRIC** POWER CO.

THIS IS IT—Recently Harry Oliver, Watchdog of the Desert who wants to keep it as nature made it, let loose a blast saying that those who laid the Big Inch gas pipe left a long scar across

the face of nature. He wanted action. The above illustration shows the mess left after the pipe was laid. (Riverside Enterprise photo.)

## That Scar Is Still There to Mar Our Desert Declares Harry Oliver

"They said they were going to fix it up—but they haven't yet, so I'm going to keep blasting until they do."

Harry Oliver of Fort Oliver, Thousand Palms, was speaking of what he terms a "100-mile scar on the face of nature" in the desert to the north and east of the Village.

CONTRACTORS who laid the Big Inch, the pipe line which is bringing the Texas natural gas to alleviate Southern California shortages and meet local needs, did a great job laying the main and the gas will boom southland industry, but—

"They didn't fill in the trenches properly and all along the desert from Blythe to beyond Banning, there's an ugly line along the highway. We people who love the desert and want to keep it as nature left it, want that scar lifted," the mayor of Thousand

Palms said as he renewed his crusade.

AFTER HIS FIRST BLAST gas company officials made a trip to Fort Oliver and told him the ditch would be filled properly.

"But I plan to be a thorn in their side until it is," said Oliver. He pointed out that not only was the partially filled ditch a blemish but that it was a menace to the Big Inch itself because the loose condition of the fill would be "an invitation to flood disaster."

Near-Perfection Rejected  
Tungsten filaments 99.44 per cent pure are rejected in the manufacture of light bulbs. The rating must be at least 99.99 per cent.

Atomic Diagnosis  
Breast cancer can be diagnosed in many cases through atomic medicine, doctors in the University of California medical school report.

## Desert Growth . . .

representatives on the group from Palm Springs are Gordon Feekings and Charles Burket. Another conference is planned for December 10 when members of the committee will provide the initial information required in the study.

TOPICS TO BE COVERED by the survey and report are distribution of population and trends toward establishing centers, necessary highways and county roads, recreation centers, Indian lands, locations of processing plants, park areas, zoning needs and construction limitations.

The county bodies agreed upon the special survey after repeated requests had been made from the leaders of Coachella Valley which is anticipating one of the greatest growths of any area in the entire state due to the opening up of thousands of acres under the All-American Canal.

Exclusive U. S. Industry  
Production of cultivated cranberries, now a \$10,000,000 business, is a farming enterprise confined almost exclusively to the United States.

Suckers Propagate Plants  
Century plants are propagated by suckers arising from old plants.

Hybrids Prove Worth  
Hybrid corn strains have shown 15 to 20 per cent gains over open-pollinated varieties during the past 25 years.

## Welfare Dance . . .

and the men in what's comfortable.

Cost of building the Center ran \$4,000 more than the original estimates and it is to aid meet this deficit that the dance is being staged by the Welfare and Friendly Aid association, sponsors of the Center which is proving of great benefit to the teenagers of the Village.

Smooth Hands  
Clean, well shaped nails, free of rough edges and ragged cuticle, enhance the beauty of soft, smooth hands, but even the finest nail-polishing job cannot cover the bad impression of hands that are unwashed and rough.

Eat More Turkey  
Consumption of turkey meat averaged about two pounds per person in 1932-34, but jumped to 4½ pounds in 1945 and 1946.

Dangerous Surfaces  
Sixty-five per cent of all traffic accidents in snow-belt states during last winter occurred on snow and icy road surfaces.

Glass Tubing  
More than 800 miles of glass tubing, enough for a million fluorescent lamps, is produced each month by a single electrical manufacturer.

Incapacitate 200,000  
Arteriosclerosis and high blood pressure alone incapacitate more than 200,000 men and women.

Dewey Hillgren says, "Enough Talk About a Palm Springs Song"! . . . and emphasizes it with an "OPEN LETTER" to the Editor, "Phat" Graettinger.

\*Check this tune, folks—he's got something here!

Titled: "Palm Springs, California."

Composed and Copyrighted by:  
Walter Valentine Larson

Played at Your Request by:  
Palm Springs' Favorite Entertainer,

DANNY GAUNT

in the  
RAINBOW ROOM

at the  
Royal Palms Hotel

Mr. Phat Graettinger  
Editor  
The Desert Sun  
Palm Springs, California

Dear Phat:

You've been hinting broadly in that newspaper column of yours about the fact that Palm Springs could sure use a good song—especially so since that last parade in which "The Lady from Twenty-nine Palms" sort of did all right for herself!

So—to get right down to it, Phat, our boy, Danny Gaunt, who knocks out some pretty fair piano playing in the "Rainbow Room" has a tune in his repertoire that he picked up from Walter Valentine Larson, the fellow who wrote it and who has it copyrighted in sheet form. We think it's pretty good listenin', ourselves, because the tune and the words are such that any average person can whistle or sing it!

In my humble opinion, this song could do a lot toward publicizing Palm Springs. Come in and hear it for yourself—and see if you don't agree! Danny will be more than happy to play it for you—or anyone who requests it—anytime!

Sincerely,

DEWEY HILLGREN,  
General Manager,  
Royal Palms Hotel,  
Palm Springs, California

## Former Local Couple Marry At Montecito

At four o'clock in the afternoon on Sunday, Nov. 16, at Our Lady of Mount Carmel church, Montecito, Jeanne Margaret Martineau, daughter of Mr. and Mrs. Frank Martineau, of Santa Barbara, formerly of Palm Springs, became the bride of William Austin Curtis, nephew of Mr. and Mrs. Edmund Ewart, of Palm Springs.

The bride wore a gown of traditional white satin trimmed with rose point lace. Her veil was fingertip length, with a crown of orange blossoms, and she carried a bouquet of bouvardia and gardenias. The bride's sister, Julie Martineau, her only attendant, wore a dress of pink moire and a headpiece of delphinium and pinocchio roses and carried a bouquet of pink rosebuds. Edmund Ewart of Palm Springs, a cousin of the groom, was best man, and Johnny Martineau and James Perry acted as ushers.

Both the bride and the groom are graduates of Palm Springs high school. Mrs. Curtis also attended U.C.L.A. and the University of Arizona. Mr. Curtis is a graduate of the University of Illinois and served in the Navy during the war.

A reception was held at the Santa Barbara Biltmore following the wedding. Guests from Palm Springs were Mr. and Mrs. Harry J. Voelker Jr., Mr. and Mrs. J. E. Gurley, Mr. and Mrs. Marvin Sale, Mrs. Claire Leahy, Mr. and Mrs. John Williams, Donald Williams, and Miss Helen Williams.

## St. Paul's Guild To be Hostess At Bridge Tea

The Guild of St. Paul's in the Desert, Episcopal church, will present a bridge tea at the Desert Inn at two o'clock on the afternoon of December 2. Besides the card tables, there will be a table with articles suitable for Christmas gifts and an unusually fine White Elephant table presided over by the newly organized Women's Service League.

Mrs. Raymond Wilson is general chairman for the party and sale and will be assisted by officers of the guild, Mrs. John S. Lapp, Mrs. Jacques Crommelin, Mrs. H. Earl Hoover, and Mrs. Edward H. Maggard who will act as hostesses.

Mrs. John S. Hobson is in charge of the gift table assisted by Mrs. Eber D. Kanaga and Mrs. Frank S. Roberts.

Mrs. William Mason heads the White Elephant table. Mrs. Clarence Woodmansee and Mrs. Amelia Stern are in charge of ticket sales and tickets may be obtained from them or any member of the Guild at \$1 each.

Mrs. Fred S. Markham and Mrs. Frank Partridge are in charge of the card party assisted by members of the Guild.

Among the prizes offered is a beautiful etching, the gift of Mrs. Louis Hill.

## Tea and Charm Combined at Gay Village Affair

Mrs. Harold Murphy takes the honors for giving the unusual tea of the week. It was held in honor of Mrs. Lola Barnes, of Pasadena who is a cosmetician.

After sipping tea the ladies were given a facial and make-up tips by the guest of honor. Being beautified were Mrs. John Ballard, Mrs. Leo Baker, Dr. Georgianna Raymond, Mrs. James Hume, Mrs. Gerald Sanborn, Mrs. Lena Rogers, Mrs. Jack Trott, Mrs. Mary Jo Barry of Tulsa, and Mrs. R. Ellsworth.

After the tea the ladies went to the Tennis Club and played bingo.

### Farm Fires

It is estimated that rural fires destroy four farm buildings an hour and kill about 3,000 people a year.

### Riboflavin Needed

Riboflavin is needed by all ages for the best health and vigor.

## Tennis Club Anniversary Is Celebrated

The second anniversary of the modernized Tennis Club was celebrated by members and their guests Saturday night at a formal party.

On hand to provide the music was Ray Whitaker and his orchestra, to provide laughs, the three comedians from Chi-Chi, and Connie Barlow of the Dunes sang.

Hosting tables were the Vincent Marcos, the Harold Harpers, Frank Long, the Merrill Crockett, the O. F. Collings, the DeWitt Lewises, the John Pikes, and at a large table were the William Talbots, the Kenneth Colburns, Colonel Richard Morgan, the Lee Berings, and the John Murdocks.

## La Quinta Hotel Thronged With Desert Seekers

La Quinta, one of the desert's most popular resorts, is an ideal place for those seeking the quiet serenity of the desert and yet something to do every minute. This lovely hotel in the valley offers all this to its visitors.

Among the guests stopping there now are Mr. and Mrs. George Macy of Macy Publishing Company, New York; Mr. and Mrs. Holmes Tuttle, of Pasadena, whose children are joining them for the Thanksgiving holidays; Mr. and Mrs. Leon Loenstein of New York; Mr. and Mrs. Paul Kollman of Bel-Air and New York; Tom Lee of Los Angeles, and Mr. and Mrs. Charles Hillman of London, England.

## Square Dances Again Popular At Smoke Tree

Again this year square dancing is one of the most popular activities at Smoke Tree Ranch. Wednesday night the second dance of the season was held with Guy Merrill calling and instructing to the delight of Smoke Tree visitors.

After the first of the year these dances will be held every other Wednesday and Mr. Merrill will be on hand to call.

# Social ACTIVITIES

By JOYCE COULTON and NANCY JAYNES

## Colonial House Gay Scene at Opening Dance

Villagers, winter residents and guests, jammed the dining room of the Colonial House at its opening Friday night.

Bill Davis, manager, welcomed many patrons of years gone by to the night spot and delightfully presented Pat Barbara's band, other entertainment and the excellent cuisine served in the packed dining room.

**MANY OUT OF TOWN** notables were present in the crowd which enjoyed the dancing, including Ben Myers, president of the Union Trust and Savings Bank of Los Angeles; Mr. and Mrs. Bill Reichel, of Rancho Mirage and Oakland; Col. Jack Arvey, political leader of Chicago, and Mrs. Robert Knowland, whose husband manages the Oakland Tribune.

Familiar Villagers were seen in small and large parties, dancing and dining.

Unable to resist the dance music of Barbara's band were Cynthia Snowden and Don Cameron who were seated at the Reichel-Knowland table. Dr. D'Alessio, his beautifully gowned wife and a large group which showed every evidence of enjoying the food and the music.

**TALL AND HANDSOME** couple which drew the eyes of most everybody were Mr. and Mrs. Ted Reed who had in their party Mr. and Mrs. Wall Spalding and Harry Bernard. Mrs. Spalding, gay and vivacious, was seen dancing at alternate intervals with the men in her party. Her husband Wall never fails to have a good time wherever he goes.

Mr. and Mrs. Kenneth Bridoy were late comers but stayed until the last note of Barbara's saxophone faded in the air.

Roy Randolph, recently returned from Mexico, being a dance maestro, was seen dancing with several acquaintances and was in the party which included Mr. and Mrs. Earl Cordery.

Mr. and Mrs. Lee Bering were present and sitting at their table was ex-colonel Richard Morgan, second commandant of the Army Air Base here during the war. The then Major Bering served under Morgan, and memories of World War II were revived across their table.

**MR. MORGAN** was amazed at the growth of Palm Springs, this visit to the Village being his first since the transfer which took him to the India-Burma theater of operations in 1943. He is now owner of an aviation line at Wilmington, Delaware, called Air Service Incorporated.

A gay group seated at one of the tables consisted of Mr. and Mrs. William Johnson, Mr. and Mrs. Jimmie Mack and Gene Johnson, realtor. Popular Rafaela Marmolejo and Mrs. Dorothy Winkler made a twosome. At another large table were seen Mr. and Mrs. Al Eptstien, I. J. Berkson, Chicago attorney and Mr. and Mrs. Emil Stern, theater magnate of Chicago.

At still another table could be seen Esther Gilbert, Hank Parkinson, Ida Keeney, Al Stewart, Lee Baker and Roger Sullivan. Louis Danziger and his lovely wife were there to enjoy the evening.

## Sister Honored at Birthday Dinner

Kathleen Cunningham was hostess at a dinner party Sunday at 8 p.m. in honor of her sister, Patricia, who was celebrating her birthday.

Guests invited to cocktails and dinner were Mrs. Adelaide Dunlevy, Eric Stjernborg, well known author, and John Lamon.

## JOYA and JAYNO Tell All

Seems the vogue in tennis outfits is a pair of white shorts, shirts and sweater topped by a diamond choker as shown by "Mouseie" Powell on the Racquet club tennis court the other afternoon. Audrey Totter, who just made an appearance at the Plaza Theatre in "The Unsuspected" is now here in person at the same place. Also over the weekend is Freddie McEvoy and Errol Flynn's playmate, Bruce Cabot.

Seems the vogue in shuffleboard outfits is a long skirt and a red wig as shown by the "world champ," Jim Sharp, out at Smoke Tree (he's an exec. of the Burlington Railroad who hails from Omaha). Joining in the merriment of the official shuffleboard opening was Fred Drew. Mr. Sharp chose a similar outfit for the square dance that night. Also at S. T. are the Channing Wells, who returned to their home in Southbridge, Mass. Commander and Mrs. Richard Knight have set up housekeeping there again too. Ditto the Fred Markhams and son, Richard. Expected for Thanksgiving are the Paul Trousdale and daughters; the Walt Disneys and daughters.

Down the Indio road a piece we visited for the first time the Desert Club. Just missed Yonnie Sakall (the character actor), the Louis Haywards, Elmer Ulmer (the director), Dr. Sidney Riesner of New York, and others. En route home, dropped in at Palm Desert, found the George Wheelers, Sally Lasley and Fred Renker. Asked Fred about a particular building. He said he wasn't quite sure what had sprung up, he hadn't looked that way in the five minutes. Can't decide which is faster, Cliff Henderson's new Delahaye or the speedy progress being made at Palm Desert.

Went over to the Colonial House for the big opening Friday night. Were greeted at the door by owner, Bill Davis, who ushered us into the cocktail lounge where we saw the Earl Cordereys, the Wall Spaldings with the Ted Reeds, and Ed Pauling with his guest, Reggie Cole, who later joined the D'Alessio table. Stopped to chat with Johnnie Pagoria (the Chicago Sun photographer) on hand with his camera. Johnnie was won 12 major awards for his photos this year. In the dining room we joined with the others in wishing Bill Rashall a happy birthday.

On behalf of Palm Dell, Don Cameron and Cynthia Snowden presented him with a crystal decanter set. Simply DELIGHTED with the excellent rhumba music of Pat Brabara and his orchestra was Roy Randolph, who has just returned from Mexico City where he instructed dancing. There too, the Al Epsteins with a group of Chicago lawyers. One of the larger tables consisted of Esther Gilbert, Ida Keeney, Al Stewart, Lee Baker, Roger Sullivan and Hank Parkinson. Glimpsed the Lewis Danzingers, also Rafaela Marmolejo and Mrs. Dorothy Winkler. Mickey Hannan. Gene Johnsons. Bill Wrights with the Earl Hendersons and many, many others.

Mrs. Upham Bigelow is back in town visiting with Muriel Fulton. She has been entertained at a round of parties and plans to return to her Santa Barbara home after Thanksgiving. Mrs. John Lawler is looking forward to seeing her husband and children, who are joining her here for Thanksgiving. To complete the family circle Pete Bennett and his bride will join his family at Deep Well for the Thanksgiving holidays. Lunching Wednesday at Wonder Palm were Joan McManus, Mrs. B. Joslyn, Mrs. G. Newling and Mrs. Sol Blum; the last three are from Westwood. Weekending at the Jay Parsons are the Earl Messers.

from San Marino. Twenty-five of the Parsons' Village friends were introduced to them Friday evening at a cocktail party. Virginia Farrell just flew to New York with the Russell Havenstrites in their plane. Visiting the Village from Finland were Mr. and Mrs. Hans Ahlstrom. Saw Conrad Janis without the racoon coat he wore in "Marge," the other day.

Saturday night the Tennis Club celebrated the first anniversary of the Bougainvillea Room and the Racquet Club was just celebrating. On hand to join in the merriment at the R. C. were Dr. and Mrs. Henry Dollard and their daughter, Barbara Brown, with Bill Pfau of Pasadena and George and Ginny Rowan of the same town. Fran and Eleanor Conrad (he's head of Western States ABC.) Gifford Phillips, Ludlow Flower, both of Denver, and Tony Burke. Dave Gillam with his cute wife. Irving Florsheim looking ever so good and at home on the dance floor. Cornelius Vanderbilt describing his new trailer. Charley Farrell (scented with Sinner cologne). Elliot Nugent chatting with all. Jane Randolph (sans Dick Huber). The Bill Ottos, Milt Hicks, the Harold Hicks. F. D. Roosevelt Jr. with sister, Anne. Good food, good music, good time.

How about Wally Vernon's (the comedian at the Colonial) crack: "I'm glad my mother doesn't know I'm in this racket, she thinks I'm peddling opium."

## Woman's Club To Sponsor Bridge Teas

Bridge players are eagerly awaiting the series of eight bridge teas to be given at the Tennis Club starting Dec. 4th and being sponsored by the Woman's Club.

There will be sixteen tables with a prize for each table at the end of the series and a grand prize for the one with the highest score. Starting the Thursday after Thanksgiving the teas will be given every week with the exception of Christmas, with bridge being played from 2:00 to 4:30 and tea from 4:30 to 5:00.

Reservations for tables may be made by calling Mrs. Harold Murphy at 6031 or Mrs. Maude McQuillan at 3651.

## Son of Villagers To N. Y. With Kenton's Band

Mrs. R. F. Graettinger was in Hollywood last week to say goodbye to Robert F. Graettinger, her son, who left for Chicago to join Stan Kenton's band. From Chicago young Graettinger will go to New York where Kenton's band opens at the Hotel Commodore, tonight.

It will also be a honeymoon trip for Mr. and Mrs. Robert Graettinger (she is the former Gail McNulty of Portland) as they were recently wed in Hollywood.

Graettinger, whose father is editor of The Desert Sun, has been in Hollywood writing arrangements for various bands since leaving the army. He will write for Kenton exclusively now.

## Village Red Cross All Set

Organization for New Year Completed  
By Local Branch; Committees Named

Complete list of officials and chairmen for the Palm Springs branch of the American Red Cross were announced this week-end following the election held at the Youth Center Wednesday which resulted in the election of Hilton McCabe, local attorney, as chairman for the 1947-48 year.

Mrs. Harold Lienau was elected vice-chairman, Charles Henderson, treasurer; Mrs. G. L. Gentry, secretary; Ernest Alschuler, Glenn Woodbury, Mrs. Homer Jenkins and Mrs. Melba Bennett to serve with the officers on the board.

### COMMITTEE CHAIRMAN

were announced as follows:  
Disaster relief—Stanley Rosin and Robert Peterson.  
Production and supply service—Mrs. William Lippman.  
Nurses aides—Mrs. Anita Freeman, Mrs. Leo Baker.

Gray Ladies—Mrs. Lauritz Hansen.  
Canteen service—Mrs. Harold Lienau.  
Motor service—Mrs. Biwerse.  
Home service—Mary Jane Hicks.  
Cathedral City home service—Mrs. Davidson.  
Safety and First Aid—A. G. Kettmann, Raymond Cree.  
Welfare service—Mrs. Madge Holderman.  
Junior Red Cross—Miss Doris See RED CROSS, Page 8

# Cathedral City News Roundup

Reported by MARY WOLSETH

## Cathedral City's Lions Hold First Official Meeting

Forty-one charter members of the newly organized Lions Club of Cathedral City met for the first dinner meeting at the Knotty Pine Thursday night. The salute to the flag was led by Jack Hillery, Charles Burkett of Palm Springs told of the Lions Club history and the benefits obtained for the community and the men themselves when a Lions Club came into being. He complimented this group on its pep and good spirit. Tail-twister Orville Wood collected \$13.75 in fines, this money eventually going to some good cause. Ray Sorum and Lloyd Simon of Palm Springs and Bill Cook of Coachella, were also guests and gave brief talks. The meetings will be held the second and fourth Thursdays at 7 p.m.

The officers of the club are: Carroll Waller, president; Leslie Kelley, first vice-president; Claud Cobb, second vice-president; Warner Moon, secretary-treasurer. Directors: Paul Clark, Curt Ring, Ben Scott, Jack Maddox.

## Woman's Club Busy on Plans For Christmas

The Woman's Club held an all-day sewing meeting on Wednesday Nov. 19 and finished up some aprons. The club closet was cleaned from top to bottom and the pricing of goods for the Christmas fair begun. Miss Betty Bleeker, chairman of the fair asked the ladies to loan Indian and Mexican blankets for decoration of the hall and also charm strings of painted gourds. Special sewing bees began yesterday and Mrs. Albert Vertcham had the first at her home on C street and Verbera Lane. Five ladies and three sewing machines can turn out many aprons in three hours.

### Balanced Fertilizer

Manure is not a balanced fertilizer for most crops, as it is relatively low in phosphate content and usually needs supplementing with superphosphate for best results. The addition of from 30 to 50 pounds of 16 per cent superphosphate to each ton of manure will correct the phosphate deficiency for most crops. Superphosphate should be added, as the manure accumulates, to preserve some of the nitrogen which would otherwise be lost.

## Financing, Zoning And Scouts Occupy Cathedral C. of C.

The directors of the chamber of commerce met for their monthly meeting last Tuesday night. It was voted to make a 10% charge of the net profits of any benefit given in the Town Hall, this money to be devoted to the upkeep and repair of the hall. The charge will begin Jan. 1, 1948.

A new committee was selected by President Russell to work with the county planning commission in the forming of county ordinances controlling building and zoning. L. C. Lewis, chairman, Claud Cobb and Bill Hillery, members.

The Boy Scout troop is to be given the use of the old fire hall with the right to make necessary alterations.

Ben Scott was made membership chairman to take the place of the retiring director Mrs. Ella Dorn.

### Edible Fish

Florida has 100 varieties of edible fish in its coastal waters, lakes and rivers and 600 varieties in all.

## Cathedral City Personals

The Western dance held at the DeLuxe Trailer Court last Saturday night was the most successful affair they have yet put on according to the Recreation Chairman Leslie Kelley. Nearly everybody went in costume and those who did not were fined and paid up in greenbacks of high denomination.

Otto Haskell, living in the Desert Court, back of the Tampico, is a useful man to know about. He can mend everything but a broken heart he says, but specializes in saws, knives, lawn-mowers and what-have-you.

A Desert Nursery has opened up on two lots between the Al-macey building and the Broadway court. N. E. Chappell and son, recently of State Street Nursery of Long Beach and living in a trailer and cabana in the Palm Springs Trailer Court are the owners. They say business is good and that they like it here.

If you didn't partake of the turkey dinner served by the Palm Springs Auxiliary V.F.W. last Thursday in the Cathedral City Town Hall, then you missed something. Around one hundred plates were served.

Bill Hillery, Claud Cobb, L. C. Lewis and James Wolseth were invited by Earl Coffman to represent Cathedral City at a luncheon he gave for James Easley, new county supervisor last Thursday noon at the Desert Inn.

The Clipper Club met last Wednesday night for its first pot luck supper at the Town Hall. According to the registration, 115 persons crowded around the steaming tables and afterwards watched the interesting Navy

## Classes in Arts And Crafts Are Now Under Way

Classes in arts and crafts began last week at the Cathedral library on Monday and Thursday night from 7 to 10 o'clock. Mack Moore, registrar, reports that there have been 50 persons enrolled. A silver bracelet was made the first night in Susie Kiefer's jewelry class and coin purses in Andy Lester's leather work. They tell us that pottery and sculpture will start on Tuesday and Wednesday beginning Dec. 2. These classes are under the auspices of the Palm Springs Union high school district and the supervision of the adult education system of the state.

film procured by Jack Wartes from the San Diego headquarters. Only husbands were allowed to talk while wives were seen and not heard.

Over 70 people attended the first monthly presentation of educational movie films presented by Lloyd Mason Smith of the Desert Museum at the Town Hall on Thursday night. They were glad to hear that this interesting program would be available once a month.

Have you seen the multicolored afghan in the windows of the Country Store next door to the Cathedral grocery? It was made by Mrs. Emil Greener and is one of the prizes to be given at the Woman's Club Christmas fair. The other prize is a yellow background ring quilt being displayed at the Peter Pan grocery.

Student at a Christian College in China, maintained largely by the Episcopal Church in the United States, holds two bulky handbags of Chinese paper money. These piles of paper will just about pay her skyrocketing tuition for the current semester.

## Hospital Board Meets To Hear Developments

Directors of the Palm Springs Community Hospital were scheduled to hold their monthly meeting in the conference room of the hospital at 4 p.m. Monday.

Originally the meeting was to have been held last Thursday but was postponed because of the absence of several directors from the city.

Directors who have been out of the Village since last spring were brought up to date on the acquisition plan of Torrey General Hospital surplus property being sought jointly by the hospital and the city of Palm Springs.

## Ninth Birthday Cause for Party

Howard Gilbert, one of the youngsters at the Tahquitz Vista hotel, celebrated his ninth birthday at a merry party on the hotel grounds with games and refreshments.

His young guests were Diana and Joseph Cobert, Janet Limonick, Cookie and Alan Titelman, Marsha Kruger, Ronny and Anthony Mesitich, Alden Williams, Edward and Betty Ann Rountwaite, Carol Simpson, Buzzy

Rosin, Stevie Goode, Darlene Buehler, Valerie and Cheryl Michel and Betty Callish.

Jeanne Giraud, who is in her second year as recreational leader at the Tahquitz Vista hotel, supervised the party. The hotel last year established a unique service of supervised play, a great help to the mothers. So far this season, as last season, the program has been a busy one.

The supply of nitrogen, magnesium, and salt are as limitless as the sea and air from which they are drawn.

## HORSE-ING AROUND

By an Old Cowhand

SEEN at the Stables, Horse Stables, that is . . . Riding Horses. Seen on the Desert Trails . . . Riding Horses. Seen in Andreas and Tahquitz Canyons . . . Riding Horses. Get the idea? We've got Riding Horses here in Palm Springs. Good ones too. WANT TO GET RID OF THE KIDDIES? Want to get the sweet little darlin's out of the house for a while? Is Junior noisy? Do his little friends want to play Cowboy and Indians? Do you feel the need of a rest? I'll tell you what to do. Let one of the guides of the Palm Springs Stable Association take 'em out on the Desert . . . way out . . . Better still . . . be a pal . . . go with them. And while you're gone they'll learn to ride correctly. You'll all get back safe and sound alright. No kidding . . . These stable outfits have got good horses and equipment . . . safe horses and gear . . . and nice rings for teaching . . . everything to take care of you and the kids, and to make good riders out of 'em. Children need a healthy and safe outlet for their surplus energy. And they'll be in good hands too.

You'll all have a whale of a time, and learn to ride to boot. Pretty good deal, eh? I said I'd tell you what to do.

While we're on the subject of horses . . . there's many a good horse pining away back home . . . away from the desert sunshine. There he is . . . sneezing and coughing. His eyes are full of tears. The rain and sleet, and smog and fog have got him in a very poor shape . . . and he misses you.

There he is back home, when all the while he should be out here on the desert with you . . . quieting his nerves and getting his health back. I tell you . . . there's a pity. Why not bring him down to the desert here, with you?

The Palm Springs Stable Association . . . any one of the seven Stables will really take care of him. What a good time he'll have out here on the desert . . . getting his health back. The cost? . . . less than one round of drinks. While he's here in such good hands . . . you'll be able to ride him if you want . . . after all he's your horse. So . . . give him a break. Board him here in Palm Springs . . . with one of the members of the Palm Springs Stable Association!

# Thankful America

Thanksgiving Day is our country's public recognition of the power and providence of God. It is peculiarly an American institution, which has no counterpart in other lands.

On this day the people of our country, led by the government itself, express their humble and heartfelt thanks to God for His protecting care and the abundance of His provisions for our comfort and welfare.

The day itself is a wholesome influence in American life. It means a great deal when the people of a great nation lay aside their material concerns and gather in family groups to express gratitude for divine providence.

The Thanksgiving dinner may be a feast of delicacies or an unpretentious meal of simple fare. But those who partake of it should do so with thankful hearts and understanding minds.

"Let everything that hath breath praise the Lord," sang the Psalmist. And in thousands of churches and millions of American homes this Thanksgiving Day, grateful people will bow in humble recognition of God's matchless goodness.

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

## Horse Tales

By RYDER

There is something new under the sun! It all happened last Saturday morning. The Chamber of Commerce insists that the sun was shining and it no doubt was—but there were a few clouds between it and this ole desert. Don't get the wrong idea, it is not the clouds which were under the sun that we speak of but it WAS the Breakfast ride. Jack Boyer has been having weekly breakfast rides for several years and now it is to be used as a program on KCMJ! Jack Boyer is the guy who will bake the hot cakes as usual and Jack Klohr is mixing the eggs while Curly pours the "mud" for the thirsty. Sheldon Bren of the radio station was there with the mike and introduced the various personalities to the audience.

Among the people who had a word to say were, Little Bear (the grand young Miss Palm Springs), Mrs. Butterworth, 63 years old and still doing the cart wheel and tap dance in Ken Murray's Black Outs, Johnny Boyle, who sang several songs and the female section was led by the trio of lovelies from the Hitching Post. Janice and Frank Bogart dropped in from Thunderbird Ranch and said very little because they arrived too late for breakfast and were starving to death.

ODD MCINTYRE, one of the grandest newspaper men of yesterday, used to have "Thoughts while strolling". May I be permitted a few thoughts while riding? Wouldn't it be much better for the people who have never ridden on a stock saddle to have someone show them just how it is done properly? Wouldn't it be a good idea to have more of the local people better informed as to the various natural wonders and beauties available on the outskirts of town? The trail to Tahquitz Falls is in a terrible state of disrepair. The stable owners are more than willing to do their part—but there are a lot of people who like to walk up there, so, perhaps some of the natives would like to help fix that trail so as to make it possible to see the falls. Mary Smart, the little gal who has been doing everything possible to make Villagers and visitors conscious of the Saturday breakfast rides, is looking after a fractured wrist these days. It should be against the law to drop banana peels on the sidewalks of the Village. . . . Ash McDonald and Tommy Thompson have been making a lot of trips into the big city recently. The result being that there are now several new horses at La Cita Stables and, on the north side, The Stables. . . . Mrs. Engram and Coin Ricketts have been doing a land office business with group instructions at the Rancho Stables. Every day there is a gang of the younger generation down that way getting some fine points on how, when and where. . . . Faye Richards (the lovely red-head at the Hitching Post) is one of the few glamour gals who can really sit a saddle.

PHIL DELANO attended the season's first breakfast ride of

the Desert Riders and used his new horse. Phil has been a little partial to the GI horse he has but it was a bit too light for PD. (Not to be confused with Police Dept.) The new horse is almost as large as Frank Bogart's and can easily carry the Palm Springs Drug and Import Co.'s director on any and all rides he may want to take. Tony Burke, Prexy of the Riders, rode one of George Rasmussen's horses and seemed to enjoy the event. But then—Tony always enjoys a ride on horseback. . . . Vee Elison, who among other things, is a top notch spinning artist and is doing a lot of entertaining around the Village, is a regular on the Saturday morning breakfast rides. . . . Johnny Boyle, who sings western songs the way they should be sung, has taken to wearing "the shirt of the islands" since he and Tani spent the summer down there. Even his loud shirts do not detract from his singing. . . . Dean Thomas is back at Cliff's stable and it seems that he is going to do some leather work this season. . . . Ann James is back at Deep Well and is one of the parties responsible for the care of Rose, the Ranch's pet pig. . . . Betty Hill, the artistic book-keeper of the Racquet club has finally gotten rid of the bothersome tooth and is planning to do a lot of riding when she feels a little better. . . . The season is getting under way and it will not be too long until the local trails are filled (I hope) with riders who are taking advantage of the wonderful climate of our little Village (or is it a little Village?). . . . Bill Nichols, out La Paz way, is now working to make that stable the top flight stable in this local and it looks as though he will do just that very soon. . . . Melba Bennett, Jim Maynard and Bill Chinn have been doing a lot of riding here of late, in order to assist the local Planning Commission in retaining freeways for horses, through all new subdivisions. . . . Have you thought about taking a ride? It's really a lot of fun and most doctors will tell you it will do you a lot of good. Get up a party and go out into the desert for some sunshine and fresh air.

## Villager Notified Of Another Award For Photographer

Johnnie Pagoria, local photographer, on leave of absence from the Chicago Sun, was notified by his paper and TWA Airline officials that he won the 10th Annual Photographic contest conducted by the Airlines showing a TWA plane in the picture. The contest was open to all newspaper photographers in the United States.

The picture that won first place and cash award plus an inscribed trophy showed the first Trans World Airline Constellation plane arriving in Chicago pioneering the TWA route to foreign lands.

THE PLANE arrived in Chicago about 8 p.m. and in a driving rain and it was met by the Mayor of Chicago, Edward J. Kelly, his wife Margaret, both winter guests of Palm Springs, Gael Sullivan, 4th Assistant Postmaster General and National Democratic figure and TWA officials. Mrs. Kelly conducted the chistening of the huge overseas plane with a terrific smash of a champagne bottle on the nose of the aircraft.

Beside winning this TWA contest, Pagoria also won first prize in a coffee contest sponsored by the Coffee Institute of America and that picture showed a fire marshal in Chicago drinking a cup of coffee while directing a fire in Chicago with the temperature down to 10 degrees BELOW zero. The fire marshal's helmet had four icicles hanging from it and his raincoat was a mass of ice. The picture of the fire marshal competed with another picture that had won first also and Pagoria ran second in the grand prize which was a four-week air trip to South America visiting coffee plantations and coming back via Mexico and Los Angeles, all expense paid by the Coffee Institute. The grand prize was won by Photographer John Cooper of the San Diego Sun-Tribune.

ACCORDING TO PAGORIA.

## Religious Leaders Unite to Observe Freedom of Worship

During Bill of Rights Week, December 9 to 15, This Year

Saturday, December 13, and Sunday, December 14, will be dedicated to Freedom of Worship with heads of all faiths participating in observance of this guarantee of the Bill of Rights. Pictured pledging their cooperation with Joe Crail, general chairman of the commemorative committee of the 156th anniversary of the ratification of the first ten amendments to the Constitution, are the Rt. Rev. Thomas J. O'Dwyer, of the Archdiocese of Los Angeles; Rabbi Edgar F. Magnin, of Wilshire Temple, Los Angeles; Chairman Joe Crail; and Dr. E. C. Farnham, executive director of the Protestant Church Federation.

this latest award makes him an eight time winner this year of photo contests.

Another award that he won was with a picture he made here in Palm Springs when he was a visitor for the winter and that picture which ran in the Desert Sun was a picture of Al Dorne, famous magazine illustrator and Earl Cordrey, local artist, looking over some of Dorne's work while staying at the Colonial House. That contest was sponsored by the Cigar Institute of America and showed Al Dorne with a huge Havana stogie in his mouth with a wide smile. It was a cash award plus a gold medal.

Pagoria is staying here for the winter with his wife and daughter to escape the snow and cold of Chicago and has opened a photo business in the Village.

## Bigger Discounts Believed Near in Torney Disposal

Hope exists on the part of city officials and directors of the Palm Springs Community Hospital that a study by Congress about January 15 of all surplus properties held by War Assets Administration nationally will result in greater discounts in the plan to acquire all or part of Torney General Hospital land and buildings.

When concurrent resolution 31 was introduced freezing all lands and properties sought by municipalities until March 15, 1948, it was also announced that congress would go over the entire picture of lands held for sale by WAA.

A study of the resolution has led officials here and executives of the WAA to believe that congress may broaden the scope of allowable public benefit discounts to municipalities. Further it is believed that WAA may be ordered to allow discounts for municipal purposes which have been disallowed under regulations governing discounts to municipalities.

## Villagers Thumped By Heber 13-4 in Valley Loop Game

Heber had a little bit too much power at the bat Sunday and bopped the home boys 13 to 4 in a Valley league game at the Field Club.

Jaime started for Palm Springs and did well but after he was relieved the visitors got to Richards and Olvera who hadn't rounded into form yet and salted away the ball game.

The cold day held the crowd down to a small number.

Next Sunday the Palm Springs Merchants go to El Centro in their third league game and Manager Bob Martin is looking for a little assistance from the local fans.

Any who wish to help defray the expenses of the bus trip are urged to contact him at Bill Martin's Sporting Goods store between now and Friday. He'll appreciate any help.

**Sharp Eyes**  
Eyes of some eagles and hawks have eight times the visual acuity of normal human eyes.

## Street Paving ...

streets, lay water mains and install fire hydrants."

THE SOLUTION offered involves the organization of property owners fronting an unpaved street in any one block, selection of a committee to represent them, and then asking the city to advertise for bids for the paving of the street area on which their property fronts.

Alworth explained that the city engineer then would ask for bids from paving contractors, submit the lowest bids to the representative committee showing the proportionate cost to each property owner based on the length of his street frontage.

SERVICES of the city engineering offices, such as enforcing the specification of the paving materials to be used and the grade each street will take, would be provided free of charge.

When the price of the work is accepted by the property owners they will have to deposit their proportionate share with their committee representatives before the work is started.

Alworth said that property owners on Racquet Club road and South Calle Encelia are now considering improvement of these

## Cling To Lead

Vandals Far in Front  
In Desert Sun Race

The Village Vandals hung on to their long lead over the Tahquitz Twisters this week as the Desert Sun subscription contest hit the head of the stretch with the end four days away.

According to K. K. Youngs, supervising the two teams of five boys and five girls each, the Vandals have a lead of 14,500 credit points.

Betty Wright was high for the week and maintained her lead in the contest to date. She is a member of the Vandals.

The contest closes at the end of the month when \$170 in prizes will be distributed to the winners as well as the commissions they earned obtaining subscriptions to The Desert Sun.

streets under the plan he suggested.

ANOTHER WAY in which to get these dusty streets paved and costing 25 per cent more than the plan suggested by Alworth, involves the creation of assessment districts.

"I would hate to see the old assessment district plan put into effect here," declared Alworth. "All the needless expense of engineering, publication of notices and public hearings would be avoided under the alternate plan."

## From Page One—MORE ABOUT This Side of Sun ...

pants, wet ... That is, I say "Ahem" ... Wouldn't use the language some other people do ... And besides, this looks like a cold winter, everywhere and some of these mornings, before 7 a.m., I mean, the pre-dawn amblers are going to need skates or skid-chains.

THE NEWS is rather disturbing these days ... I always thought that "offices" and "gentlemen" went together just like ham and eggs or apple pie and ice cream. But the front pages are full of a general who kissed and told ... It's funny what one big airplane can uncover ... Seeing Archie (John Archibald) on the Drive with an arm in a sling and listening to all of the curious people who want to know what happened, reminds me of a neat answer a woman once made to inquisitive friends ... Archie got tired of hearing skeptical remarks when he told what happened so finally just shut everyone up with: "I fell down" without amplifying ... This woman I'm thinking of was sporting a beautiful shiner but when she told the truthful version of an accident while showering, everybody laughed ... So she finally got mad and said: "I got this black eye just the way you think I did."

THAT BRINGS UP another yarn of the curious man who kept pestering the one-armed fellow wanting to know how he lost the limb ... Finally the one-armed man said: "I'll tell you if you promise not to ask another question." ... The pest eagerly acquiesced ... The answer was: "It was bitten off." ... Winter is here ... I re-activated my double alarm clock system this morning ... Everyone knows how much that extra hour of sleep is appreciated on these cold mornings ... It's simple to achieve this bliss ... If you have when it rings, you'll find you have another hour to sleep ...

From Page One—MORE ABOUT  
Movie Studio ...

edited and then re-edited again, before "shooting" starts.

Into these conferences will stroll the star Edward G. Robinson, the writers, directors, script girls and other highly skilled technicians necessary for the production of "Harness Bull" expected to cost more than \$1,000,000, with Robinson in the leading role.

THOSE WHO KNOW say that the production of a \$1,000,000 picture is all that a robust, healthy individual can handle—but not Sol Lesser.

As in Los Angeles and Hollywood, not only he, but Mrs. Lesser are tireless community workers. In Palm Springs until next May, a town in which he and Mrs. Lesser are no strangers, he began at once to seek for those things that have become common place to Villagers such as the beauty of the town, its refinement and particularly its culture which he sees on all sides and feels should be broadened.

"Palm Springs has so much to offer," Lesser said. "There's more than night clubs, cocktail lounges and swimming pools here. There's plenty of culture too."

HE EXPLAINED that the greatest amount of culture is represented in the type of people that come to the Village. "Look," he continued, "at the long list of famous people who live here most of the year. Each a leader in their respective fields. Musicians, writers, actors, doctors, industrialists and others. Why," he smiled, "I could go on and on."

Something should be done, he said, to bind these people together in a common effort for the cultural improvement of the community as a whole.

"And I am going to try to," he asserted. "Palm Springs can clothe itself in rich robes of dignity."

A STUDY of the man's background lends belief in the promise of his words. Reared in San Francisco he entered the motion picture world as the owner of a flicker palace at the age of 16, in 1906. When the painter mis-spelled the word "Nickelodeon," as motion picture houses were known then, he recalled with a chuckle that he did not have enough money to pay the painter to correct the mistake.

Lesser and a partner founded the West Coast Theaters now known as Fox West Coast. In 1927 at the age of 37, he had made enough money to retire. He did but not for long. Instead he later started another chain of theaters and recently organized still another.

IF AT ONE TIME Lesser struggled for wealth, there must have been a goad within that drove him onward to epitome of achievement. Accomplishment is like a heady wine to him.

Rest? There is no rest for him. His mind consumes the energy of his body as the sledge hammer consumes the strength of a man who swings it all day without moment's respite from his labors.

He reminds one of an artist who diffidently presents his creation to the world, fearing its imperfection and amazed at its acceptance.

He plans to take a part in the Red Cross drive here, the Community Chest and other civic endeavors and in addition will seek the same support from many of his friends living here now.

"It's wonderful—this Palm Springs," he exclaimed.

Turn off the alarm clock, reset it for 7 and wake up full of vim and vigor ... But don't forget to reset the alarm clock ... That can have embarrassing results ... Especially if you have to go to one of those breakfast meetings.

TWICE IN THE SAME PLACE said Harry Oliver as he came in this morning ... A few weeks ago Dry Camp Blackie took him for \$1.80 in a tumble weed race by slipping in some flat-sided tumble weeds which wouldn't roll as fast as Blackie's round ones ... This week he said he lost \$2.60 on a cock fight and after the dust blew away he found Blackie's rooster was a road runner with its tail cut off ... Speaking of alarm clocks, as I was in the stanza above, Oliver doesn't use an alarm clock ... He has a burro that brays regular an hour before sunrise and at sunrise, on the dot ...

THIS WEEK we celebrate ... Thanksgiving is with us again ... that makes it three holidays in a row fallings on Thursday ... Christmas and New Year's come on Thursdays, too ... Memorial Day and Fourth of July came on Friday ... That doesn't mean anything to you but it makes it tough on us ... Friday is publication day ... Anyway, this is a short week and the boss of the print shop said this had to be in by Saturday noon instead of Monday night ... So this piece will be in keeping with the week ... Short ... Merry Thanks-

giving and when "You Do" makes the top of the Hit Parade in a couple of weeks, I will brag again and point to a statement made on this side of The Sun last August.

## From Page One—MORE ABOUT Red Cross ...

Kresse.

NEED WAS STRESSED for a first aid instructor for the 18 volunteer firemen of Cathedral City who desire the course and others who have expressed a similar wish.

"It is possible that some ex-service man is willing to give the course," said Chairman McCabe. "It would be greatly appreciated by the Red Cross. The Riverside county chapter will provide all materials and necessary supplies."

"Anyone wishing to volunteer can contact me at 2816 or Mrs. Gentry, the secretary, at 5813."

Poinsettia Holds Beauty  
The Christmas poinsettia will hold its beauty longer if it is kept where the temperature is about 60 to 65 degrees and where it will get an hour or two of sunshine. It should be watered daily. If the flower pot of earth is about two quarts in size, a cup of water will not be too much. House plants generally need extra care during the months when heating plants are going full tilt, and should be watered a little every day.

"The individual merchant—like his customers—wants an end to the spiraling of prices, and is working aggressively toward that objective," asserts John D. Bromfield, San Mateo and Burlingame merchant, newly elected president of the California Retailers Association. "Such stability is the first objective of the Association," said Bromfield, "and with the cooperation of the consuming public, of labor, of producers and distributors, we can get off the high-cost treadmill and travel a healthier economic road."

Sunshine Robs Milk  
Sunshine robs milk of part of one of its B vitamins, or riboflavin.

## Miss Moderow New District Guidance Chief

Head of the guidance department of the Desert School district this year will be Miss Gertrude G. Moderow who succeeds Mrs. Yula Moore in charge last year. Mrs. Moore has gone to Santa Ana with her husband, Dr. Newell Moore.

Miss Moderow has had much experience in guidance work and will have complete charge in the Desert district with offices at the Frances S. Stevens school.

## He Just Fell

That's All Archibald  
Will Say About It

John Archibald, popular "half-pint" about town went and "dood it again."

Early this season he figured in a traffic accident (he was a passenger then) and he sustained a fractured wrist.

Friday Archibald was seen meandering down Palm Canyon drive lost in thought and not without some pain, that is to body and mind. An arm was again in a sling.

Said Archibald: "I slipped. That's all. I just slipped on the floor at home and fell tearing a ligament in my shoulder. No there's no bear rugs on my living room floor. I didn't jump into anything. I just fell."

Such was the explanation Archibald had to make as Villager after Villager stopped him with eyes full of questions.

## BERTON HILL RANCHOS

We searched all over the U. S. for this: matchless Climate, Scenery, Fertility and Accessibility; incomparable panoramic view of mountains, and unspoiled desert. We look down upon the lights of Five Valley towns.

Located adjacent to famous guest ranches, assuring permanent and increasing value. To reach our exclusive acreage we built a mile of road. We drilled a 700-foot well for everlasting and abundant water, installed a powerful electric pump. We have electric power.

We now offer a few five-acre pieces for Private Ranchos, where those who love the natural desert beauty may have a quiet desert home, some horses, some dates and citrus, garden produce . . . privileges NOT available in a subdivision. These five-acre pieces have water, frontage on a hard road, with power lines in; for the moderate price of \$6500 each. Terms to suit.

East on Highway 111, turn left at Wonder Palms sign. Follow Berton Hill signs.

Out where civilization  
joins the desert!

## HIDDEN SPRINGS RANCH

THOUSAND PALMS

10 miles—15 minutes commuting distance—to Palm Springs. A 1200 ACRE, unique development of estates, where owners may have stables on their own property, and privacy from their neighbors. Owned and developed by the former owner, and originator, of the Smoke Tree Ranch.

**CLUB HOUSE** with dining room, swimming pool with games room and grill, cabanas at the pool for non-resident lot owners and club members. Non-liability club memberships to original purchasers. All the advantages of a private desert estate without the expense or responsibilities.

**MODERN UTILITIES**, including Texas natural gas from the Big Inch. Restrictions enable small artistic homes on the large lots. Small home planning and contractor service on the ranch, now, at astonishingly low costs.

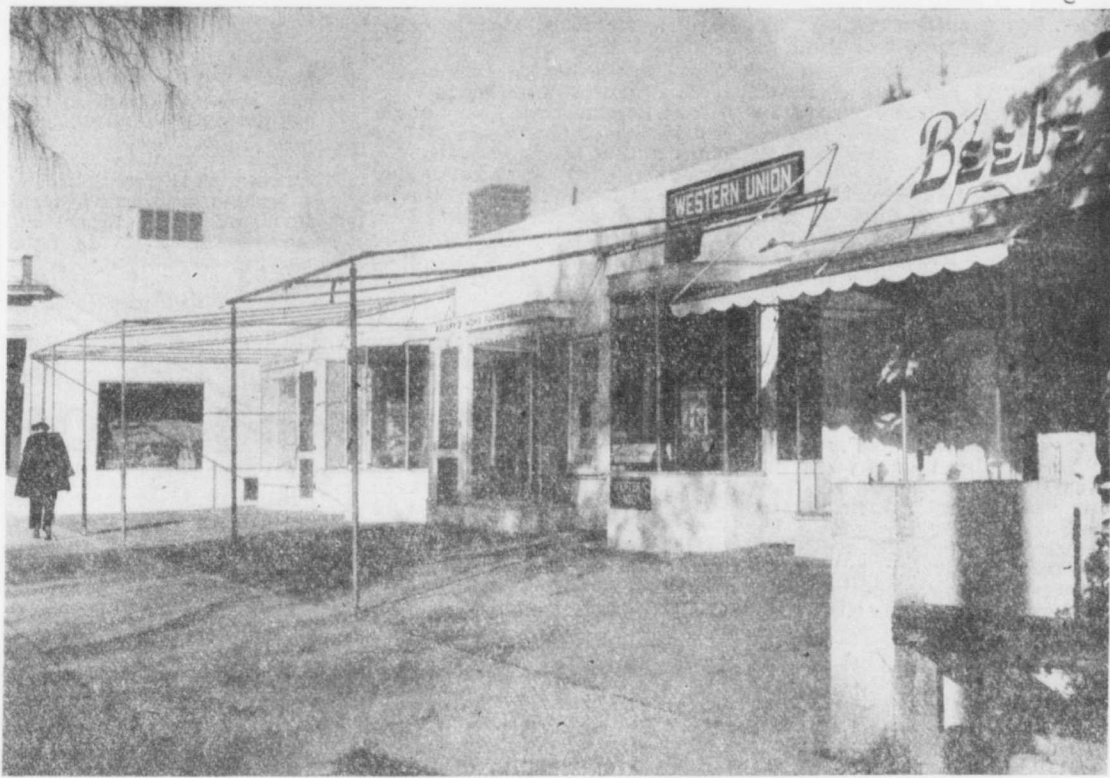

**CONSERVATIVE DEVELOPMENT**, "restricted," moderately priced, and appealing to discriminating buyers who appreciate homogeneity of neighbors, and prefer freedom from the ostentation of high pressure promotions.

**DIRECTIONS:** Ramon Road out of Palm Springs, across 99, to the end. Courtesy to all brokers, or ask for Charles Doyle on the ranch.

This advertisement is informative only. All sales after application and investigation of purchasers.

# New \$250,000 Building to House Village Bank

**CHANGING SCENE**—Buildings which have stood on the east side of Palm Canyon drive in the 100 block for many years are making their last stand this season. Next summer the picture will change as they are torn down to make room for a new modern quarter million dollar building to house the Palm Springs branch of the Bank of America. (Desert Sun photo.)

Raymond W. Lusby  
Manager at Nardoni

Raymond W. Lusby, former member of the U.S. Coast Guard, this week became the manager of Gus Nardoni's bond and insurance agency offices at 380 North Palm Canyon drive.

Lusby, said to be an authority on insurance, is scheduled to address members of the Frontier Post of VFW today.

## Art Exhibit Will Formally Open Customs Gift Shop

An art exhibit of sculpture and ceramic works will formally open the Emily Laser Custom Gifts shop located at 457 North Palm Canyon drive.

The showing which is to take the form of a private exhibition will display the works of Janice and Paul Pettee, owner-operators of the new Village business.

The Pettees lived in Burbank prior to their arrival here and are said to be well known in the art world.

Among the prized pieces to be exhibited will be a huge plate that took two years to make and will be shown for the first time here.

Public showing of the art on exhibition at the store will start Friday, November 28, for one week's duration.

## No Pool

No Money Nor Man  
So Complaint Filed

Police in two states were searching this week for Morey Samel on a complaint charging grand theft signed by Ruth Biescar who reported that she gave the asserted fugitive \$3200 in cash, partial payment on the construction of a swimming pool last August 20.

Construction of the pool, Mrs. Biescar complains hasn't even been started.

Samel's last known address was at 1718 West Thomas street, Phoenix. Police in that city have been asked to arrest him.

## Changes Planned On Drive

100 Block To Undergo  
Face-Lifting With  
New, Modern Design

The 100 block on North Palm Canyon drive is going to have its face partially "lifted" next summer.

Kenneth Colburn, property owner and real estate developer, announced this week that buildings 142 to 154 north Palm Canyon drive will be torn down this summer and a beautiful structure will be erected there to be occupied by the Palm Springs branch of the Bank of America.

**THE NEW BUILDING** is expected to cost between \$200,000 and \$250,000 Colburn said and will relieve the congestion in the fast growing bank.

Blue prints and architectural drawings have already been submitted to the parent organization of the California banking institute.

Roughly estimated the new banking quarters will be more than 800 feet square with the possibility that it will be occupied before the beginning of next season.

"**THE BUILDING** to be constructed," Colburn said, "will add considerably to the beauty of Palm Canyon drive."

The old bank of America will be altered, it is believed, and who the tenant will be is still undecided, Colburn added.

## It Happened

Fire Dep't Called  
To Swimming Pool

They've had fires in all sorts of odd spots here in the past few months and after the department was called to a blaze in the middle of a street when a tar pot towed behind a truck blazed up, Chief Bill Leonosio said:

"I guess we'll be called to subdue a fire at a swimming pool next."

Well, Friday it happened. The department was called to the pool at the Montecito apartments that morning.

A short circuit in the heater for the pool sent up a blaze that burned a hole in the roof. Damage was estimated at \$250.

## Save Paint

When opening a new can of paint you will save paint and prevent the lid from sticking if holes are punched with a hammer and nail about every half-inch around the small groove in the top of the can. Any paint that drips in the groove will drain back into the can.

## Loosening Sticky Pudding

When pudding and other starchy foods stick to the pan but do not burn, they may be loosened by taking the pan off the fire and covering with a tight-fitting lid. Within a short while steam inside the container loosens the pudding from the bottom.

## BEAUTIFUL DESERT HOME

In one of Palm Springs' CHOICE—CLOSE-IN FINE HOME SECTIONS.

Large Lot, Water Shares, Citrus Trees, Shrubs, Lawns and abundance Flowers.

House consists of three bedrooms, large living room, sun porch, dining room and well equipped kitchen.

Next Wednesday**

Rousseau's "Social Contract" will be discussed in the second of the series of great book seminars at Welwood Murray Public Library next Wednesday night. Mrs. Frank Bennett is scheduled to lead the discussion. She is expected back from a two-week tour to New York in time to take part.

Interest in the seminars is high and at the first one of the season when Locke's essays on civil government was reviewed a lively discussion over the respective extent of democracy in Great Britain and the United States ensued. The seminars, under direction of Miss Dorothy Bear, librarian, are open to the public.

**Police Will Go To  
FBI School Here  
For 9-Day Course**

A nine-day school for police officers of Riverside county, conducted by W. A. Murphy, special agent for the Federal Bureau of Investigation, with offices at San Diego, will be held in Palm Springs starting Dec. 1 and continuing through Dec. 9.

The classes will be held in the city court rooms at 816 North Palm Canyon drive and will start at 7 p.m. and continue until 9 p.m. All branches of police work will be covered from identification to the laws of arrest including methods of handling confessions, writing reports, interviews, handling of testimony and the like.

The school is for members of all local law enforcement agencies, especially those in the vicinity of Palm Springs.

Chief of Police A. K. Kettmann has arranged for the attendance of all local peace officers.

**Christian Science Text  
"Thanksgiving"**

In conformity with the Proclamation by the President of the United States, Thanksgiving Day services will be held in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The public is cordially invited to attend.

The Proclamation, designating the day as a day of thanksgiving, will be read by the First Reader. A period will be set aside for the giving of testimonies by Christian Scientists appropriate for the occasion.

The Golden Text of the Thanksgiving Day Lesson-Sermon is from the Psalms and reads, "O magnify the Lord with me, and let us exalt his name together."

A Lesson-Sermon passage from Luke's Gospel reports that as Jesus sat at meat in the house of Simon, the Pharisee, "a woman in the city, which was a sinner, . . . brought an alabaster box of ointment, and stood at his feet behind him weeping, and began to wash his feet with tears, . . . and anointed them with ointment." And Jesus, "turned to the woman, and said unto Simon, Seest thou this woman? I entered into thine house, thou gavest me no water for my feet; but she hath washed my feet with tears, . . . My head with oil thou didst not anoint; but this woman hath anointed my feet with ointment. Wherefore I say unto thee, Her sins, which are many, are forgiven; for she loved much."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy says, "The poor suffering heart needs its rightful nutriment, such as peace, patience in tribulation, and a priceless sense of the dear Father's loving-kindness." "If we would open their prison doors for the sick, we must first learn to bind up the broken-hearted."

**Force Completed**

Robert White Joins  
Village Peace Squad

Robert White, 26, former captain in the U. S. Marine Corps and veteran of the Pacific theater of war, became the eighteenth member of the Palm Springs police force Friday.

White has only been in Palm Springs a short period of time but fell in love with the Village and intends to make his home here.

Chief of Police August Kettmann announced that the addition of White to the force completes the compliment of personnel fixed by city council.

**Yields Offset Costs**

It costs about \$4 more to grow and harvest an acre of corn than it did in 1913-15; but the improvement in the per acre yield over the period makes a bushel of corn in the crib today cost 30 per cent less than it did 30 years ago.

**Onions Nutritious**

While their flavor appeal is the onion's biggest bid for popularity, they have a rightful claim to a place in the diet because they contain small amounts of vitamin C and B complex as well as mineral elements, calcium, and iron. Like other vegetables, onions provide needed bulk in the diet.

**News of Ramon Trailer Park**

Dr. Ben A. McBurney, who was here for ten days, has gone for a visit to see his new grandson, to the Ed LeFevres of Pinole born to the Ed LeFevres, of Pinole, Calif. The "little Doctor" is very thrilled over being grandpa.

New folks in the park are the Clement Dacys of Arcadia, Calif. This friendly couple have just recently sold their 16-unit motor court in the above city and feel that they deserve a nice long vacation on the desert. Mr. and Mrs. W. R. Herriot of Costa Mesa have brought their trailer in for the season of winter sunshine. The Al Flemings of North Hollywood are here again. Mr. Fleming is a well known auto dealer there.

The Noble Andersons of Los Angeles are new trailerites. They are very happy in their Spartan and love trailer life, as we live it here. Another of the old-timers brought his trailer in for the winter this week-end. Clarence Kolster is his name. His job

the Warner Bros. Studios keeps him very busy but he manages to get to the desert week-ends. J. W. Paquet of Banning has settled at Ramon for the season. He is a barber at one of the Village shops during the winter and has his own shop at Meeks Bay Resort at Lake Tahoe where he spends the summer. Mr. and Mrs. Ed Pringle and daughter Sally are another family who winter here and go to Tahoe every summer.

The Jellisons, with their two pretty little granddaughters, Joene and Toni, are settled on their old lot again. Mr. Jellison knows all about landscaping and has practically made his own lot where there was no lot before, by building it up with soil and rock and planting shrubs and flowers. Mr. and Mrs. Elmer Woodward spent the summer months at Idyllwild. They are back at Ramon for the season. The Bill Smiths, of Westwood, have brought their trailer back here again.

with all the  
**CHARM OF THE

WITH CARE AND CONFIDENCE**

★ The study of medicine is a selective process in itself. Seven years of intensive study in college, plus one year of practice in a hospital, are the minimum requirements. It is wise to trust your precious health only to a conscientious physician of recognized standing. Avoid the quack, the charlatan, the "cure all" type of doctor. Almost invariably they do more harm than good. Select your physician as you should your pharmacist—with care and confidence.

When your physician writes a prescription, bring it to us to be filled. We are specialists at this work.

**Bids to Enlarge  
School Plant Will  
Be Opened Dec. 15**

Bids are scheduled to be opened Monday, Dec. 15, in the offices of Clark and Frey, local architects, for the construction of needed additions to the Desert School district. Work is expected to start as soon as the contracts are let.

The four additions will contain 15 new school rooms. Miss Katherine Finchy, superintendent of the district, said that the new buildings contemplated will add five class rooms and a kindergarten to Cahulla school, three class rooms at Desert Hot Springs, two at Cathedral City and two at Nellie N. Coffman Junior high school. New rooms to house school offices will also be added at Cathedral and Cahulla schools.

Rapid growth of the Desert district which now has almost 1100 pupils enrolled against a top of 935 last year, made the construction of the new buildings necessary at once. Funds for the expansion program were voted by Villagers two years ago when they passed a \$750,000 bond issue.

Phone 2772"There Is Only One  
Palm Springs"**HOME OF THE MONTH**

Here is a house that fits any city lot yet has "country" features usually found only in ranch type houses. Designed for maximum liveability in minimum area, this house has no space-eating halls or corridors and achieves a pleasantly roomy feeling through liberal use of glass. Simple, ground-slug lines give the house a cozy appearance. Sheltered entrance and overhanging eaves protect rooms from summer sun

yet allow winter's lower sun rays to add warmth.

All plumbing is in one wall to add economy, and second story may be left unfinished since the first floor is a complete living unit in itself.

Architect Oliver Sandquist designed this functional modern home which won a recent Prize Contest sponsored by PRACTICAL BUILDER magazine, Chicago 3, Ill. Working plans are not available.

**Record Influx of  
Tourists Counted  
Pouring Into State**

A record-breaking 324,172 out-of-state cars, carrying 942,980 passengers—the greatest three-months' influx in state history—entered California during the third-quarter of this year, Automobile Club of Southern California reported this week. These totals top by 45,000 cars and 130,000 passengers the previous quarter-year high figures established during the similar period of 1946. Ten-month totals also soared to all-time highs this year, the club revealed, with 834,690 "foreign" cars carrying 2,300,605 passengers, entering the state as compared to 783,937 cars and 2,173,473 passengers for the same months of 1946. Touring officials of the club estimate that nearly 1,000,000 out-of-state cars with 3,000,000 passengers will be checked into California this year by December 31.

In its analysis, the club further discloses that the greatest single-month influx of autos in California history was registered in August when 120,234 out-of-state cars entered the state. During the usual "slow" months of September and October, 89,261 and 74,301 "foreign" cars entered the state, the club added. These figures closely approach the high pre-war summer season totals.

**Cut Man Labor**

Farmers in the cash-grain area of Illinois are today producing a bushel of corn with six minutes of man labor, whereas 30 years ago it required 32 minutes.

**Provision Company  
Plans To Establish  
Palm Springs Plant**

Owners of hotels with dining rooms attached, restaurants and night club operators will have the convenience of a wholesale meat and provision company almost in their back yards.

Jack Freeman and Albert Abden-nur, two Village GI's who returned from World War II and organized the Desert Provision company, plan to open a branch of their establishment in Palm Springs.

THEIR MAIN PLANT from which services in meat and provisions is provided for restaurants, cafes, and night clubs in this area, is located in Banning.

The partners yesterday announced that construction of a \$100,000 plant which will include a fast freezing department, cold meat storage refrigerators and aging devices, is to start this summer and will be completed before the advent of the next season.

"IT WILL BE possible then," declared Freeman, "for the operator of an eating place to telephone an order for provisions and get it filled within an hour, instead of waiting until the next day perhaps before the order is delivered."

Abden-nur and Freeman were both in the food supply business before they entered the service at the outbreak of World War II. When they were discharged they became partners in business, now doing a reported gross sales of approximately \$1,000,000 a year.

## Speedy Job

Contractor Puts Up  
House in 12 Days

Tom Spencer, contractor who has done several jobs in Palm Springs, is setting something of a record in Banning. He built a five-room house in twelve days for W. F. Roberge in the Pass city.

Twelve days after work started the carpenters moved out and the painters moved in. The entire house, a demonstration home, will be completed in 22 days.

### Wheat Protein

The protein of wheat is not a complete protein, being deficient in at least one of the amino acids—lysine, without which it cannot do a complete job of body building. Meat and milk are rich in lysine. Thus when either of these foods is added to bread or cereal, it makes the protein of the wheat more fully useful. This is why bread and cereals have greater nutritive value when combined with meat or milk than when eaten alone.

### Scallop Fruit

For a side dish that satisfies the sweet tooth at small cost in sugar, scallop apples or pears with sweet potatoes. Dot each layer with fat, and sprinkle with just a little sugar or brush with honey.

## CROSTOWN

The Desert Sun—13

### Clean Bulbs

For proper lighting, electric light bulbs and lamp shades should be kept dust-free. A film of dirt on a bulb absorbs 15 to 20 per cent of the light.

Diseases of the heart and blood vessels cause a greater volume of disability than any other single disease. They are responsible for a loss of 152,100,000 work days annually.

THE BEST BUYS IN PALM SPRINGS REAL ESTATE

### THREE-BEDROOM HOME

This beautiful Desert house, consisting of 3 bedrooms and 2 baths, has been recently completed. Architecturally outstanding and well situated, it is one of the most desirable houses that can be bought today. It is completely walled and well landscaped. Shown by appointment only.

## Public Health

Dr. Fox Announces  
All Tests Available

Dr. Warren Fox, county health officer, announced appointment of Miss Hope Davis as supervising technician and that the Riverside county health department laboratory is available for the usual public health laboratory tests including blood tests, diphtheria cultures, tests for various communicable diseases, bacteriological examinations of public water supplies, milk tests, rabies tests and so on.

He also announced that a small incubator with diphtheria culture media available is open all night at the county sheriff's department and swabs may be planted on the culture tubes at any time.

Mr. and Mrs. Lasley  
Visitors in Village

Mr. and Mrs. Jack Lasley, former well known Villagers, were in the Village last week-end for a visit.  
Lasley is now operating Jack Lasley's cafe in Belmont, near Long Beach.

## County Peace Officers Elect

Constable Walter Hull of Hemet was elected president of the Justices and Constables Association of Riverside County at a meeting held at Perris Justice Court Thursday.

Elected to the office of vice-president was Constable Hugh Underhill of Corona. Constable Jack Pittman, West Riverside, was re-elected secretary and Constable E. J. Burr of Riverside was elected sergeant-at-arms.

Prospects of an alcoholic farm in the county were discussed after a communication from Judge Smeltzer of Fallbrook on the subject had been read openly. Judge B. F. Compton and Constable Pittman reported on the State Peace Officers Convention held recently at Hoberg.

It was announced by Judge Philip Truby that Atty. Alvin Fisher had been appointed justice of the peace in San Geronimo Township following the resignation of George Wing.

President George McCauley was in charge of the meeting. Judge E. E. Theriault and Constable Clarence Templeton of Palm Springs are members of the association.

## YOU KNOW FOLKS--

IT'S LIKE THIS:

(Reading Time 1 Minute)

I just came back to Palm Springs from Chicago where I was on the Photo Staff of The Chicago Sun and had a pretty good job, as jobs go. . . .

I'm still with the paper . . . only on an indefinite leave of absence . . . and I came back because I was stationed at the local Air Field for a part of the war and during my stay here, must have gotten a lot of sand in my shoes . . . and I've been restless in Chicago and aching to get some more sand in the same place . . . so . . . I came back out here because I liked it and its people and I "wanna" stay . . . but . . . I gotta make a livin' for me and my family. . . .

Now . . . if you good people here in Palm Springs need some pictures made . . . any kind except portraits . . . well . . . I'm your man. . . I specialize in publicity . . . promotion . . . illustrative and layout work for advertising . . . both indoors and out . . . day or night.

You know it's cold in Chicago and the snow is starting to fly . . . honestly . . . I don't want to have to go back there . . . my wife and daughter like it here too . . . so if enough of you good people here in Palm Springs can keep me busy making pictures . . . I'm going to have to stay.

Now . . . if you'll give me a jingle on the telephone at 3633 or drop me a card at 288 North Palm Canyon Dr. . . . I'll jump in my car and come arunnin', either in the daytime or at night . . . but call me before 6 o'clock in the evening. I just moved out to the Veterans Community out on Ramon Road and the Telephone Company is still short on telephones . . . but I'll have one soon . . . when they install a phone you can call me at home, too. Thank You.

# Notice of SALE of BUILDINGS

The Housing Authority of the City of Palm Springs, California, is offering twelve (12) buildings for sale for cash under the terms and conditions set forth herein. The buildings are located on the Torney General Hospital property in the City of Palm Springs, California. They are of single-story frame construction and are designated as Buildings Nos. 205, 206, 243, 245, 246, 247, 248, 265, 266, 267, 268 and 270. Ten (10) of the buildings contain approximately 4450 square feet each and two (2) contain approximately 3750 square feet each. Material and equipment have been removed from some of the buildings. The buildings are open to inspection to all prospective bidders. Appointments for inspection may be made by contacting Robert Bennett, 2058 East Ramon Road, Palm Springs, California, Telephone number, Palm Springs 2238. Any further information desired can be obtained at the office of the Housing Authority, care of Louise Peel, Executive Director, The Plaza, Palm Springs, California.

The procedure to be followed by all prospective bidders and the conditions governing the sale are hereinafter set forth:

1. The buildings are being sold "AS IS" and "WHERE IS" and must be removed from the property at the purchaser's expense and risk.
2. Bids may be made on one or more buildings. The number or numbers of the building or buildings bid upon must be designated in the bids with the amount bid for each.
3. Bids must be in writing, executed by the bidder and shall set forth the address of the bidder. Each bid must be accompanied by a certified or cashier's check for ten percent (10%) of the total amount bid. In the event the bid, or any part thereof, is not accepted, the deposit on the unaccepted portion will be returned to the bidder.
4. Bids must be sent to the Housing Authority of the City of Palm Springs, care of Louise Peel, Executive Director, The Plaza, Palm Springs, California, and all bids must be delivered to this address by 5 o'clock p. m. on December 1, 1947.
5. The Authority reserves the right to reject any bids submitted by returning the deposit accompanying same. If more than one building is bid upon by one bidder, the Authority may accept part of the bid and return the deposit on the unaccepted portion. Each bidder will be notified in writing of the action taken upon his bid.
6. Upon acceptance of a bid by the Housing Authority, the balance of the purchase price shall be due and owing to the Authority within fifteen (15) days after mailing of notice of acceptance. Upon payment of this balance, title to the building or buildings purchased will be conveyed to the bidder by the Authority. Buildings shall not be removed until the purchase price has been fully paid.
7. All buildings purchased must be removed from their present site by the purchasers before January 30, 1948.

Dated this 6th day of November, 1947.

**Housing Authority of the  
City of Palm Springs**  
**CHARLES B. HINKLE, Chairman**

## The Far East

Compromise Needed in Korea  
To Resolve U. S.-Soviet Clash  
By OWEN LATTIMORE  
(Copyright, 1947, Overseas News  
Agency, Inc.)

WASHINGTON, (ONA)—In the first front-page statement that Mr. James F. Byrnes made after he resigned as Secretary of State—it seems a long time ago now—he said: "We have made clear to the Soviet Union that it cannot dictate the terms of peace. We must also realize that the United States cannot dictate the terms of peace."

Secretary Marshall is faced with the need to acknowledge the same basic situation that was recognized by Mr. Byrnes. We have spent weeks in trying to find "procedural" ways around the veto. We have had some successes—but we still face the same basic situation. There are different ways of counting how many nations agree with us than agree

with the Russians. But the basic fact remains that without a minimum measure of agreement between us and the Russians, nothing important can be done.

THE CASE OF KOREA provides one of the latest illustrations. We have won—as measured by votes—our proposal to have a nine-nation United Nations commission go to Korea in 1948 to supervise free elections. But the Russians are still free to boycott the whole procedure. In that case we can have free elections in South Korea supervised by nine nations instead of by the United States alone; but we will still have a South Korea and a North Korea, not a united Korea. It is small wonder that my home-town paper, the Baltimore Sun, described the situation brought about by this voting victory as "defeat within victory." The New York Herald-Tribune says that the Slav bloc, by using their boycott technique, "have shown that a great-power veto cannot be effectively bypassed by procedural devices or parliamentary techniques." It adds that "the Russians, with all their pious talk about the need for unanimity, have contributed very little."

It seems to be time to realize that fundamental solutions cannot be reached by wrangling about the legal formulas which are used to define our disagreements with Russia. The fundamental thing is not the definition of disagreement, but the fact of disagreement.

The Russians accuse us of expansionism. We accuse the Russians of expansionism. The fact is that we have both been expanding. We have not been "guilty" of expanding. We have just been expanding because, as a result of difference between who won the war and who lost the war, the power of Germany and the power of Japan were cut down. The power of Russia, and still more of America, became greater, both absolutely and relatively. The increase of relative power in both countries was even greater than the absolute increase of power. Within the Big Five, both Amer-

## New Government Jobs Available

Applications are being accepted by Fred Muller at the Palm Springs post office for examinations for chemists sought for government work. No written test is required, applicants being rated on experience and training. The deadline is December 4.

Information and application blanks for other civil service examinations are also available at Muller's desk at the post office. He is the local representative of the U. S. Civil Service Commission.

## Happy Day

Re-Union Planned at  
Joe Omlin Home

Joe Omlin's home will be an exceptionally happy one during the forthcoming holidays this year.

Donnie Omlin, 20, Joe's, second oldest son is home on a thirty day leave from the Coast Guard. Holding the rank of a coxswain, Donnie's home port is Boston and his patrol includes the north Atlantic all the way from the North American waters to the Irish coast.

The oldest son, Joe Omlin Jr., is married and the postmaster at Gold Beach, Oregon.

ica and Russia now tower over France and China and even Britain in relative power.

AS A RESULT of these changes, some of the power of America and Russia was absolutely bound to move in and occupy some of the space vacated by the power of Germany and Japan and Italy. Russia has not only filled up some of the space that used to be occupied by German power, but some of the space that was once allocated to French power, as for instance in Czechoslovakia, which before Munich used to be a French satellite, both in politics and in the strategic pattern of Europe. Similarly, American power has taken over some of the old sphere of operation of British power in the control of Atlantic bases, in the Eastern Mediterranean, and in the Middle East.

In themselves, such changes need not be described as "desirable" or "undesirable." The most important thing about them is that they are just plain facts.

It was to meet just this situation that the United Nations adopted the "principle of unanimity" for the Security Council. The "principle of unanimity" is the positive description. "The principle of the veto is the negative description of the same thing. What it means is that, as a result of the redistribution of power since the war, nothing really important can be satisfied unless all of the Big Five agree that it should be done."

There are always shades of difference, though, in even the most careful legal definitions. It is a primary, rule-of-thumb truth of the politics of our time that nothing really important can be done unless America and Russia agree about it. Or, to put it the other way round, in the negative or "veto" form of the statement, nothing can be done if America and Russia disagree about it. The same thing is true, but not quite so true all the time and all down the line, if Britain is the one that refuses to go along. And France, in turn, rates a little below Britain in this respect, and China rates a little below France.

THE PRACTICAL QUESTION is how legal concepts and power concepts work out when applied to actual situations. Take Korea. The legalistic squabbling is measured by the difference between what the Russians, sitting in North Korea, say should be done about the whole of Korea, and what we, sitting in South Korea, say should be done about the whole of Korea. The legalistic squabble, however, does not provide a complete description of the power situation. The fact is that Korea is part of the area vacated by the power of Japan. Both Russian power and American power have partly moved into this area. What is to be the balance between them?

When we really try to grapple with this problem, we come up against something very interesting indeed, which I will try to define as follows: Even if Korea were completely taken over by Russia—even if it were annexed as a Republic of the Soviet Union—it would still remain an area essential to American concepts of global strategy and security. Similarly, even if Korea were completely taken over by America and made prohibited territory for all Russians and all Communists, Russia's interest in it would become greater rather than smaller, because of Korea's proximity to Vladivostok.

Which seems to me to lead straight to the suggestion that, since a solution completely favorable to either Russia or America is about as impossible as any proposition that can be found in politics, the way is open to some kind of compromise. A good way of measuring the compromise, it seems to me, would be to go all out for satisfying the largest possible number of Koreans.

If we are willing to accept some such standard as this—and it seems to me that in the long run both we and the Russians are going to have to—then we may find that there is a half-way house between the veto and unanimity. All that we need is unanimity in agreeing to compromise. "Unanimity" does not have to mean complete agreement in every detail.

## Ettinger Faces Check Hearing

George Ettinger, charged with issuing fictitious checks in the city, was arraigned before Judge Eugene E. Theriault Friday morning. His preliminary hearing is scheduled for November 28.

According to police records, Ettinger is wanted by the Los Angeles police department and has a history of criminal convictions in other communities.

## Check Suspect Is Sought by Police

Local police were searching this week for John Urson who is asserted to have passed several bogus checks in the Village. Urson's parents are said to be the proprietors of a large cottage hotel in the Village.

## Editorial

### THANKSGIVING

The first Thanksgiving was observed in America by the Pilgrims at Plymouth on an autumn day in the year 1621.

Their first year in this new land had been difficult, but through the grace of God and unfaltering faith they had survived the hardships of the winter, cleared and planted their fields in the spring, and with gratitude watched their crops grow throughout the summer. When fall came, yielding them an abundant harvest, their leader declared that a day should be set aside for feasting and the thanksgiving. As a token of their appreciation, the Pilgrims also invited the Indians, who had helped them throughout the first winter, to share in this day.

Today Thanksgiving is still celebrated, now as a national holiday. There is still the feasting, the turkey, the cranberry sauce, and the pumpkin pie. It is still the same crisp autumn day, but now even more than at the time of the first celebration, there should be prayer and thanksgiving. No longer do we, as Americans, have to struggle for existence or are we faced with the hardship, hunger, cold, and wilderness.

## Carnival Great Success from All Standpoints

The following is a financial report of cash taken in by classes and organizations of the high school at the Carnival given by the Girls Athletic Association, November 7, at the Palm Springs high school.

Girls' League	\$42.38
Girls' Athletic Assn.	53.34
10% Commission of all booths	15.00
<b>Total</b>	<b>\$68.34</b>
Lettermen's Club	4.05
Rifle Club	7.69
Class of '48	25.25
Class of '49	43.97
Class of '50	4.81
Class of '51	8.60

The total amount taken in at the carnival was \$205.39.

We have peace in our country and we should pray for peace and help for the whole world and for better understanding between the countries of the world.

Indeed, this year more than ever we should pause for a word of prayer and thanksgiving.

Joyce Buck.

## New Reference Volumes Available In School Library

Students searching for author data in making book reports will be glad to know that the library now has Twentieth Century Authors, which presents narrative sketches of more than 1850 world literary figures who have published in English since the turn of the century.

Another useful volume which has recently been added is Current Biography, 1946, containing life stories of 319 persons who were prominent in the news in 1946.

**MOST NUMEROUS** in this collection, which tells "Who's news and why," are more than one hundred government officials in the United States and abroad, centered about United Nations personages.

In Current Biography each sketch includes a photograph and references to additional material. The 1946 volume contains a seven-year index, covering 1940 to 1946, including the names of all those whose biographies or obituaries have appeared in Current Biography from the first issue through the issue of December 1946. The library also has the 1941, '42, '43, '44, and '45 issues.

**OTHER RECENT ADDITIONS** include the World Almanacs for 1945, '46, '47, which have a great deal of information about athletic records, election returns, enrollment of colleges, and universities, and many useful facts.

Students will be interested to know that there is now a set of World Books.

In order to reduce confusion in the library and study hall, all magazines and newspapers have been placed in the study hall.

The library has started subscribing to the Reader's Guide to Periodical Literature.

Those interested in an article on aviation can look up that subject in the Guide.

Mrs. Bohrer has been asking everyone to handle magazines carefully, and not to mark or tear them. The library subscribes to forty magazines for student use.

### Hybrids Prove Worth

Hybrid corn strains have shown 15 to 20 per cent gains over open-pollinated varieties during the past 25 years.

## Chia Sales Hit Goal, Success Of Issue Assured

This year's "Chia" sales have reached their goal of 225. If orders had not shot up to the 200 mark, we would not have our traditional year-book or, "Chia."

As Mort Gilbert said, "Better than ever before," and Lolo thinks it's "as personal as your own diary." The new, thick padded covers this year will add to it and make the books more durable than ever. Most of the seniors have gone to Bernard of Hollywood for their individual photographs. The Seniors, Juniors, Sophomores, have had group pictures taken.

Printing less than 200 year-books would have resulted in a large deficit, as printing costs are much higher on small orders.

"Many students do not realize that each yearbook costs about \$5.00," said Business Manager Mort Gilbert.

## If I Were—

If I were Principal I would give a big fat merit to:

"Any person that would rise quietly and walk to the door when the 4th period lunch bell rings."—Mrs. Bohrer.

"Any student who will edit his own journalism work."—Mrs. Martin.

Mort Gilbert for the many campaign speeches that he gave in behalf of the CHIA sales.

Knapp and Jones for the big ice cream cones that they give out in the cafeteria at noon time.

Chuck Blackhart for seeing that there are no lonely hearts in the library during fourth period.

Bobbie Bernard if she would let that dog off her skirt for a little exercise.

Jim Carlin if he would be on time all day, at every class.

Bobbie Howatt for being so cute and friendly, too.

Bob Flavin for being so big and handsome. (I got four-bits for that one.)

Myself for seeing the light concerning that new student, Thelma Pinney.

Morie Aitkin

Mrs. John C. Young  
Guest at Taylors

Mrs. John C. Young is a guest at the home of Mr. and Mrs. Sam Taylor, 276 Palo Verde. She is the mother of Allan Young, popular star of the radio.

CHAPLIN—Charles Chaplin, who will be featured Thursday at the Plaza Theatre.

## Eight Grid Games Listed Next Year For P.S.H.S. Team

The 1948 football schedule has been made public by Coach Ballagh. The Riverside County League teams are to play a total of eight games. Six of these games are to be with the teams of the league, two are to be played with any team that the school thinks would be a good match. These two practice games will have no bearing on the team's league standing. A team will receive two (2) points for a win, and one (1) point for a tie and zero (0) points for a loss. If any team is tied for first place there will be no playoff. If these two teams have played at any time during the current season the winner of that game will be champion.

Palm Springs schedule for 1948: Oct. 8, Elsinore at Elsinore. Oct. 15, Sherman at Sherman. Oct. 22, Beaumont, here. Oct. 29, Hemet, here. Nov. 5, Banning at Banning. Nov. 12, Coachella, here. Thanksgiving Day, Blythe, here. Negotiations are under way with Holtville for a game on October 1.

## The Eye

**OBSERVED:** That Deatis Davis has greatly improved in the art class; now instead of sleeping on the art board he can sit up and sleep.

**HEARD:** Jim Atkins telling the gang that it was easy to get A's and B's. H-mmm, what happened, Jim? That C wasn't hard to get either, was it, or was that the class that you said that you worked in instead of using your personality?

**FINALLY FOUND OUT** why Virginia Miller got those caramel-colored better than any one in sane mania for, Sh-h-h-Hot Carmel Sundaes.

**SAW:** Bob Sandeffer trying to convince Mr. Lester that he should get A's instead of B's in his art work. He says that he can draw better than any one in that class. (Draw flies, that is.)

**SAW:** Ella Ruth (polishing apples) (or was it) washing paint brushes and dishes for Mr. Lester.

**SAW:** the guy that swiped my jacket Wednesday night, and then put it back Thursday noon. It was pretty cold, I know, but let's not do it again. I nearly froze.

**SAW:** Lolo writing a name again and again, and also again, all over her note book.

**SAW:** the Old Maid's Sewing Club's latest releases; girls, those are the loudest Stop Signs I've ever seen (correction: those were not stop signs—they were the latest socks for our special guys at Christmas.) Sorry girls I was thrown off by the color combination, although the eye would like to see those letters on a green background.

## Gazoozit

Put on your specs and prepare yourself for the latest gossip around the P.S.H.S. campus and otherwise.

Topping the list of surprising smash-ups this week was the parting of ways with Buddy and Charlotte. It looked pretty final this time when she had dates with Doro, Slocum, and Thomas and he was casting the line for Sonya (and doing a good job of it too) but he and Char. had a date Sunday night and Monday she wore his watch to school. Golly, I just can't keep up with those two.

The motorcycle boys are monopolizing some of the favorite date-bait around school. Dora, Thelma, Mary Ann, and Bobbie have a permanent wind-burn, sounds like fun!

**ARMISTICE DAY** proved to be a long needed escape from school. McKinney's party started at Chino Canyon and hit the climax at his place later. Elsworth, Bell, Lolo, Fern, Candi, Whitehead, Virginia, and McKinney were just a few participants. Mc was a pretty picture in Lolo's beach jacket.

A carload of us girls stacked the car with cats and went up to Idyllwild for a terrific day. There's nothing like a good 'ole hen session once in a while, (no remarks!)

Anyone who said we couldn't win a game was proved wrong Friday. We beat Sherman and did a terrific job of it too.

**AFTER OUR VICTORY** some continued on to see Chaffey win over Riverside. Others came back and went to the show.

Candi and Sam aren't going steady but still date pretty regularly. Sat. night there was a Pit party (I heard from various sources.) Singing around a campfire cure the blues for some. Some of the couples were: Mary Lou and Wilson, Arleen and Lopez, Candi and Fern, Virginia and Mc, Jerry and Morris, Lolo and Whitehead.

Most everyone went to the show or Youth Center Sunday night. Velma and Bobbie started going steady Sat. night to the immense surprise of one and all. Long may it last. (Editor's note: What about Morie and Thelma?)

By the way, how long can all the confusion with Stone and Mary last? The competition is terrific. Chuck and Sandy are still two of the cutest daters around school 'specially together!

**THE BLOOMING ROMANCE** between Sylvia and Conrad faded into nothingness. Ella Ruth and Pierre finally added their names to the steady list. Good Luck! Nancy and David are still seen together. Bill Jordan is humming "School Days" again with encouragement from Barb.

The question of the week is: Why is it that every time I look at Lolo in journalism class she's doodling aimlessly or staring dreamily into space—must be love?
